

RESEARCH WEEK POSTER GUIDELINES 2017

FOR QUANTITATIVE RESEARCH

Preparation of Posters

The content of your poster should be clear and understandable without requiring an oral explanation. The format should include an introduction, aim/s (in plain language), methods (brief), results (in graph or table format), and conclusion/s. Your poster should also include sample size. Please note that your research MUST be completed, with results, in order to be eligible for the Poster Competition.

Your poster must be 1m (wide) by 1.2m (tall).

Please [click here to view a summary of the judging criteria](#) which may assist in the creation of your poster. Handouts can also be beneficial so you may like to provide A4 copies alongside your poster.
