Ethical Review Manager (ERM)

Ethics and Research Governance/SSA

Section 1: Introduction

Ethical Review Manager (ERM): <https://au.forms.ethicalreviewmanager.com>

About ERM

ERM is a paperless information management system for completion, submission and storage of:

- ethics applications
- research governance/site specific assessment (SSA) applications
- post-approval (ethics) forms
- post-authorisation (research governance) forms

ERM is used by research applicants (researchers, trial coordinators, sponsors, contract research organisations etc.). It is also used by research office administrators and ethics committee members to manage the review, processing and approval/authorisation of all applications.

The communication features of ERM ensure that the entire life-cycle of a research project can be managed within the ERM system.

ERM is used for all ethics and research governance/SSA applications to public health organisations in Victoria and Queensland. Some private health organisations also use ERM – for details, consult the organisation's research office.

Who uses Ethical Review manager (ERM)?

ERM can be used by anyone involved with an ethics or research governance/SSA application, including:

- Coordinating Principal Investigator (or delegate/s)
- Principal Investigators (or delegate/s)
- Sponsors/Contract Research Organisations/Trial Coordinators

ERM is a secure password-protected website. Each user must create their own private account.

Create an account

Go to the ERM website <https://au.forms.ethicalreviewmanager.com>

To Log in:

Note: Online Forms was the precursor to ERM. Online Forms account holders may already have an ERM account and can use the same login details.

For users with no previous Online Forms account:

1. Select **New User**
2. Enter the information and agree to the Terms and Conditions.
3. Click **Register** and a verification email is sent to the entered address

4. Select the activation link in the email
5. Click **Log in**
6. Log in with your email address and password

Log in

1. Enter your email address and password
2. Select **Log in**

Forgotten password

When logging in as an applicant, if the password entered is incorrect an error message will appear

- Select **Forgotten Password**
- Enter the email address of the account to be signed into
- Select **Reset Password**
- An email will be sent with a link to change the password. Enter the new password and select **Reset Password**
- A Message box will be displayed confirming the password change
- Select the link to return to the login page

Your password has successfully been reset, please click [here](#) to return to login page.

Changing password

- Log in with usual account details
- Select the account name located on top-right of browser

- Select **Change Password**

- A Change Password message box will be displayed
Enter old and new password

- Select **Change Password**

Changing personal details

- Log in with usual account details
- Select the account name located on top-right of browser
- Select **Personal Details**
- A Change Personal Details message box will be displayed
Enter changes to personal details
- Select **Change Details**

Log out

- Select arrow at right edge of account name
- Select **Logout**

ERM Forms

Form Status	Review Reference	Application Type	Date Modified	NMA
Not Submitted	N/A	N/A	02/10/2018 17:42	Project is not for NMA

- ERM is based on **forms**. The applicant creates a **project** and a **main form** simultaneously
- From the **main form**, the applicant can create **sub-forms** e.g. SSA form, Project Progress Report.
- From some sub-forms (SSA and LNR VIC SSA) further sub-forms can be created e.g. Site Progress Report, Complaint Report and Site Notification Form
- A summary of the forms available in ERM is displayed in the tables below.

Main Forms

There is only one main form for each project.

Form	Description
Human Research Ethics Application (HREA)	Ethics application form
Victorian Low/Negligible Risk Application Form (LNR VIC)	Ethics application form for low or negligible risk research in Victoria; used at selected organisations only
Quality Assurance Application Form (QA)	Application form for quality assurance or clinical audit in Victoria; used at selected organisations only
Minimal Dataset Form (MDF)	Proxy for an ethics application form; used when the ethics review was performed in a state/territory that does not use ERM; allows creation of SSA form(s) in ERM
Legacy Application Replacement Form (LARF)	Proxy for an ethics application form; used when an old project (approved before July 2018) is not in ERM nor reviewed under NMA; allows creation of Sub-form(s) in ERM for Victoria only

Sub-forms for initial application

Form	Description
Victorian Specific Module (VSM)	Required as part of the ethics application when the HREA is utilised and the research project involves a site in Victoria; addresses Victorian legislation
Site Specific Assessment (SSA)	Research governance application form; one SSA is required for each site participating in a research project
Victorian Low/Negligible Risk Site Specific Assessment (LNR VIC SSA)	Research governance application form; one LNR VIC SSA is required for each site participating in a research project

Sub-forms for post-approval

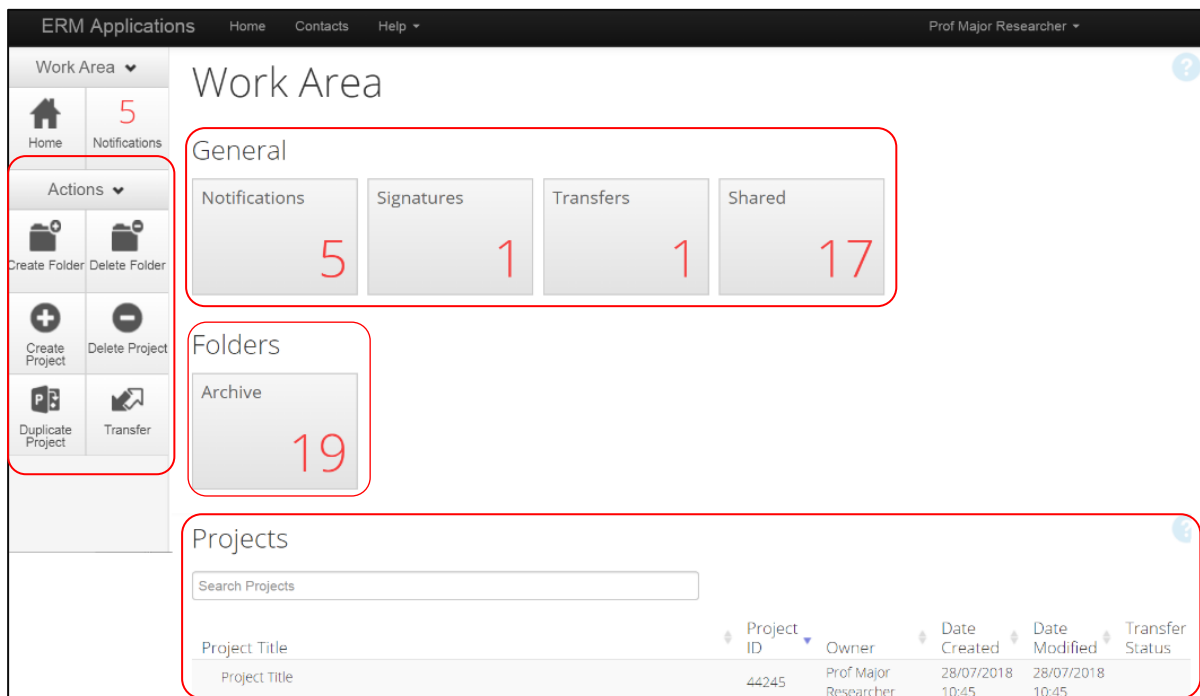

Form	Description
Ethics Amendment Request	Request ethical approval for a change to the design or conduct of a research project e.g. the protocol, PICF or change to personnel
Safety Report	Report a safety event to the reviewing ethics committee
Annual Safety Report	Report to the reviewing ethics committee on the safety profile of an interventional clinical trial
Serious Breach Report	Report a serious breach to the reviewing ethics committee
Suspected Breach Report	Report a suspected breach to the reviewing ethics committee
Project Progress Report	Report to the reviewing ethics committee on the progress of a research project (at least annually, may be more frequent if requested)
Site Closure Report	For a multi-site project, report the closure of one participating site to the reviewing ethics committee
Project Final Report	Report to the reviewing ethics committee on the progress of a research project at the time of its completion
Project Notification Form	Report to the reviewing ethics committee on any matters for which there is not a specific post-approval form available

Sub-forms for post-authorisation

Form	Description
Complaint Report	Report a research project complaint to the site's research governance officer
Non-serious Breach/Deviation Report	Report a non-serious breach/deviation to the site's research governance officer
Site Audit Report	If requested by the site's research governance officer, provide a self-audit of the research project
Site Notification Form	Report to the site's research governance officer on any matters for which there is not a specific post-approval form available
Site Progress Report	Report to the site's research governance on the site's progress of a research project (at least annually, may be more frequent if requested)
Site Governance Amendment Request	Notify the research governance officer of either an amendment that has been approved by the reviewing ethics committee or a governance-only amendment that does not require ethical approval

Section 2: Work Area

The Work Area is the ERM home page. The left side of the screen displays the Actions pane with function buttons below. The right of the screen displays an overview of projects in the user's ERM account.

Actions

There are six action buttons under the Actions pane

Create a new project

Delete a project (only possible if the main form has **not** been submitted via ERM)

Create a bespoke folder for storage of projects

Delete a folder (only possible if the folder is empty)

Permanently transfer a project to a colleague

Duplicate an existing project

General

There are four tiles in the **General** section. If the tile displays a red number, it may contain items that require attention.

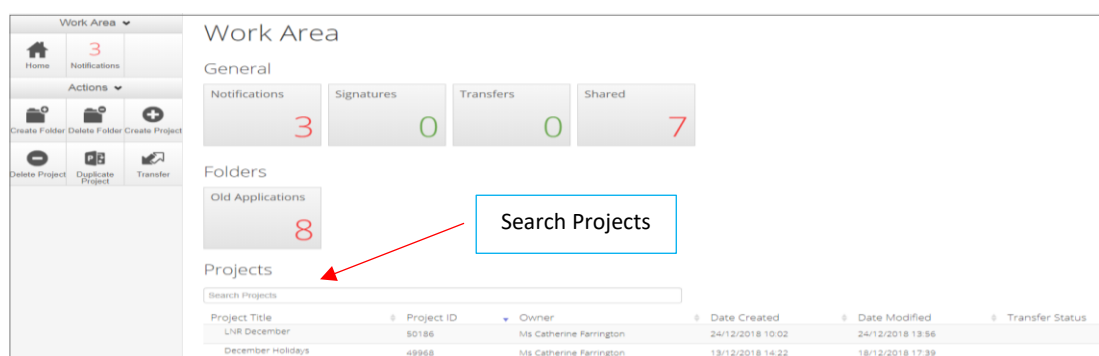

- Notifications**
- Contain messages that are sent to the user from the Research Office:
 - o queries or request for information regarding an application
 - o Approval letters
 - Messages automatically generated by ERM e.g. form updates
 - Messages from other research team members/collaborators
 - o the user has been assigned a level of access to a form
 - o a change in the access status of a form
 - o an electronic signature has been requested
 - o a form has been signed electronically by the signatory
- Signature**
- Contain requests from colleagues to digitally sign an application i.e. a request for an electronic signature
- Transfers**
- Contain requests to transfer a project to another ERM user
- Shared**
- Contain information about forms and level of access another ERM user has shared with you

Folders

Displays bespoke folders for storage of projects.

Projects

- Projects in the user's ERM account are listed under **Projects**
- To access a project begin typing the project's title in the **Search Projects** text box. Select a project from the list displayed

- The project will open under a **Project Tree**

Actions Pane

There are eleven possible action buttons available under the Action pane on the left side of the screen. The actions are listed below:

- | | |
|--|--|
| | Go to the Project overview |
| | Create a Sub-form from the main form e.g. SSA |
| | Enable collaborators to view, edit and manage the form |
| | Enable collaborators to view, edit and manage the form |
| | Identify mandatory questions within the form that require information to be entered |
| | Submit the application to the reviewing organisation.
Note: the reviewing organisation must be selected within the form , in order for the submission to be directed to that organisation. |
| | Refresh |
| | Record that the project falls within the National Mutual Acceptance (NMA) scheme. Information on NMA is available on the Clinical Trials and Research website. |
| | Generate a PDF of the form |
| | Communicate directly with the Research Office selected as the reviewing organisation within the form only after the form has been submitted |
| | Import a HREA created on a different website e.g. hrea.gov.au, as an Xml file in to ERM |

Form Status Table

The Form Status table displays the current activity of the form

Form Status	Review Reference	Application Type	Date Modified	NMA
Recalled	N/A	Ethics Application	17/10/2018 09:26	Project is for NMA

Form Status:	Description
Not Submitted	the application is still in progress and yet to be submitted
Submitted	the application has been submitted to the reviewing organisation
Recalled	the application has been recalled by the user to make changes. Only possible if the reviewing organisation has not started processing the application
Queried	the application has been queried by the Research Office for further clarification or edits
Validated	the application is ready for review by the ethics committee
Information Requested	the ethics committee has requested further clarification or information
Approved	the application has been approved by the reviewing ethics committee

Review Reference:

The unique identification code for a form and is generated when an application is submitted in ERM. It is composed of six parts -

① ② ③ ④ ⑤ ⑥
 e.g. HREC/46664/VICTEST-2018-154992(v1)

	Component	Description	Examples
1	Application type	Identifies the type of application form	HREA, LNR VIC, MDF, SSA
2	ERM Project ID	The unique identification number for the research project	46664
3	Organisation/hospital code	The organisation/hospital to which this form was submitted	Austin, RCH, VICTEST
4	Year	Year of submission	Can change when a new form version is submitted in the following year
5	Submission number	System identifier for the particular submission of this form	154992
6	Version number	Version number to track submission history	v1 to v2 to v3

Application Type:

Identifies the type of application/form submitted e.g.

- Ethics Application (the HREA)
- LNR application
- Quality Assurance
- SSA

Date Modified:

Displays the most recent date a form was updated

NMA:

Whether the research project/application will be reviewed under National Mutual Acceptance (NMA)scheme or not.

Tab Functions

There are seven tabs that cover specific aspects of the application and its submission process

The screenshot displays the 'HREA September 17A' application form. The sidebar on the left contains icons for Home, Notifications, Project, Create Sub-form, Share, Rates, Completeness Check, Submit, Refresh, NMA Project, Print, Correspond, and Import Xml. The main content area shows a 'Project Tree' with a hierarchy: HREA September 17A > HREA > Amendment Request > Site Specific Assessment (SSA) VRC > Complaint Report > Site Notification Form > Amendment Request. Below the project tree is a table with the following data:

Form Status	Review Reference	Application Type	Date Modified	NMA
Recalled	N/A	Ethics Application	17/10/2018 09:26	Project is for NMA

At the bottom of the interface, a red box highlights the following tabs: Navigation, Documents, Signatures, Collaborators, Submissions, Correspondence, and History.

Tab	Explanation
Navigation	Application form is completed under Navigation tab
Documents	Displays all supporting documents that have been uploaded within the form Note: Documents are not uploaded under this tab; documents are uploaded within the relevant section of the form
Signatures	Shows a history of all digital signatures that have been applied to the form, and all signature requests
Collaborators	Displays members of the research team with access to the form; levels of access can be modified
Submissions	Shows a history of all submissions that have been made via ERM
Correspondence	Displays a record of the communication between the user and the reviewing organisation's research office
History	An auditable history of actions; if the form has been submitted, an archived version of the submission is available here.

Each tab is described below:

Navigation

- The Navigation tab displays the sections and associated questions within the form. Sections will become accessible or inaccessible depending on the information relative to the application
- Questions are hyperlinked (in blue) for quick navigation to the relevant section within the form

Documents

- The Documents tab displays current supporting documents that have been uploaded in to a form. The details displayed indicate the document type, name, file name, version date and number

Signatures

- Displays a history of all digital signatures that have been applied to the form and shows all signature requests
- Signatures are not applied in this tab. To sign a form, use the Navigation tab to access the relevant section for signature requests

Collaborators

- Displays all members of the research team who have access to the application/form
- To view a collaborator's ERM email account, click on the collaborator's name and the email account will be displayed

Collaborators

Name	Access	Edit Permissions
Ms Abigail Cooper	abigail.cooper@dhhs.vic.gov.au Forms, Receive notifications	Edit Permissions
Ms Catherine Farrington	Project Owner and Form Owner	Edit Permissions

- The form owner can edit the permissions for each collaborator only if the access level is assigned through the **Share**  action

Submissions

- Displays the Review Reference e.g. HREC/46664/VICTEST-2018-154992(v1)
- Displays the current status of the application/form
 - Not Submitted / Submitted / Recalled / Queried / Approved
- The Committee that will review the application e.g. VICTEST1
- Under **Pdf** select **Download** to print form if required

Submissions

Review Reference	Date	Status	Committee	Pdf

- Displays a record of the communication between the user and the reviewing organisation's research office
- It has no write/send message function

Correspondence

User	Date	Message	Attachments
Ms Catherine Farrington	17/10/2018 09:28	Please see attached DCP certificate for PM	

- Use the **Correspond**  button under the Actions pane to write and send a message to the Research Office only after a form has been submitted

History

- Displays an audit trail of the application form. The user actions are recorded including actions from the Research Office once an application/form has been submitted

- Attachments can be downloaded and viewed if an action includes submitting a form

Section 3: The HREA form

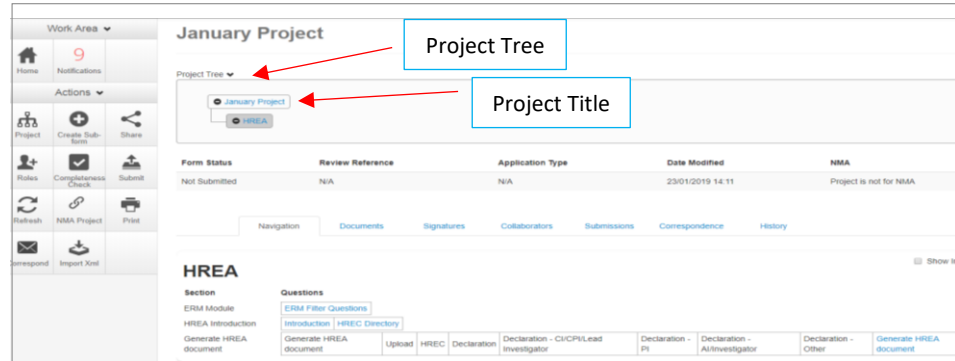

Create an HREA

- Log into ERM and go to the **Work Area**
- Select **Create Project** button under the Actions pane

- Enter the Project Title
- Select the jurisdiction where the application will be reviewed
- Select **HREA** from the Main Form options
- Select **Create** button to create the project

- The Project Tree will display the newly created project and HREA

Complete the HREA

- Working under the **Navigation** tab, the ERM Filter Questions and Introduction are mandatory questions to be completed
- If the project involves a site in Victoria, a Victorian Specific Module (**VSM**) must be completed if certain features apply to the research project

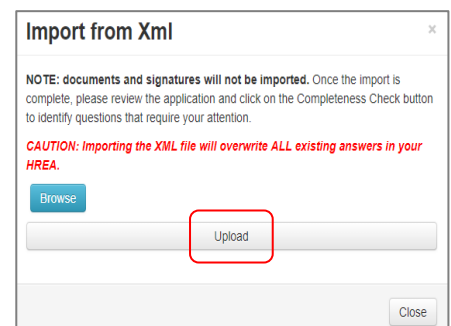

- Refer to the [Victorian Specific Module \(VSM\)](#) section in the manual for detailed instructions on completing the VSM
- In Section 1 of the HREA Introduction, select the **Acknowledge and Continue** button to open the rest of the HREA to complete the application
- To save your work select the **Save** button under the **Actions** pane
- Selecting **Previous** and **Next** buttons will also save your work

Import an HREA

If the HREA has already been completed on another website (NHMRC), the HREA form can be imported into ERM as an xml file.

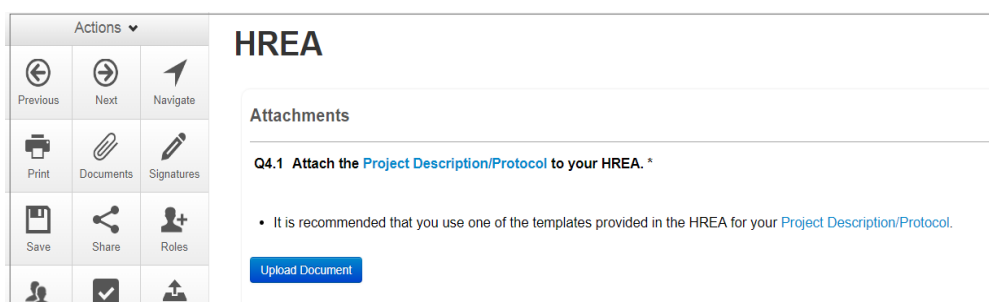

- Details to obtain the xml file are available in [ERM Frequently Asked Questions](#) HREA section
- Create the project and HREA Main Form in ERM as previously described
- Complete the ERM Filter Questions and continue to 'HREA Introduction'
- Click on the **Navigation**  button under the Actions pane
- Select **Import Xml** button
- An **Import from Xml** text box will be displayed
- Select **Upload** button

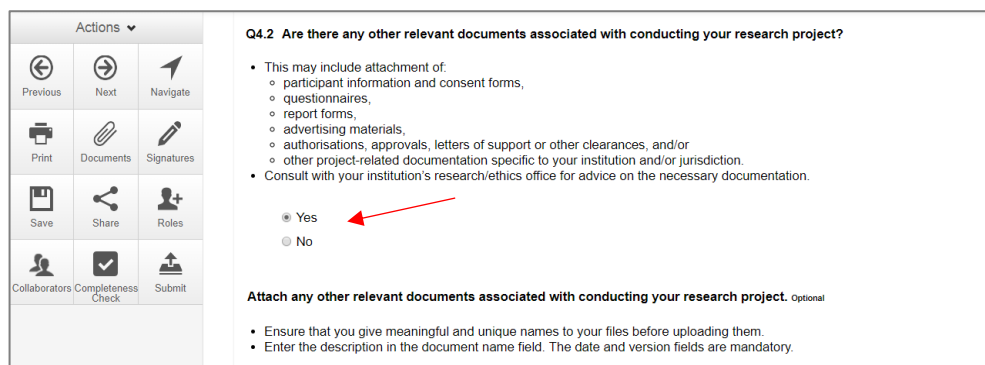

- The xml file will overwrite all existing answers in the HREA in ERM
- Signatures and documents will not be imported in the xml file therefore supporting documents will need to be uploaded in to the ERM HREA and signatures will need to be obtained again.

Upload Documents

- Supporting documents to be included in the application are uploaded in **Section 4** of the HREA
- Select **Navigate**  button under the Actions pane to go to the **Work Area**
- In the bottom section of the HREA, select **Upload**  to be directed to **Attachments Q 4.1** for e.g. the Protocol to be uploaded to the HREA

- Press **Upload Document**  to attach the protocol from your local drive
- Other documents e.g. Participant Information Consent Form can be uploaded to the application by responding **Yes** to **Q 4.2**

Q4.2 Are there any other relevant documents associated with conducting your research project?

- This may include attachment of:
 - participant information and consent forms,
 - questionnaires,
 - report forms,
 - advertising materials,
 - authorisations, approvals, letters of support or other clearances, and/or
 - other project-related documentation specific to your institution and/or jurisdiction.
- Consult with your institution's research/ethics office for advice on the necessary documentation.

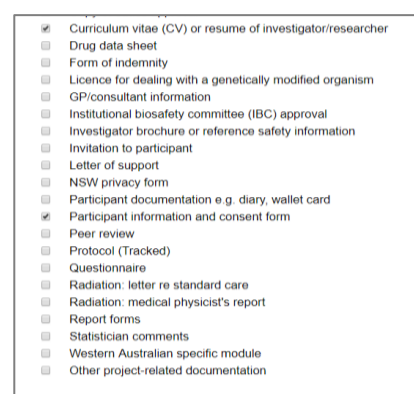

☒ Yes 

☐ No

Attach any other relevant documents associated with conducting your research project. Optional

- Ensure that you give meaningful and unique names to your files before uploading them.
- Enter the description in the document name field. The date and version fields are mandatory.

- A drop-down list of Supporting Documents will be displayed

- ☒ Curriculum vitae (CV) or resume of investigator/researcher
- ☐ Drug data sheet
- ☐ Form of indemnity
- ☐ Licence for dealing with a genetically modified organism
- ☐ GP/consultant information
- ☐ Institutional biosafety committee (IBC) approval
- ☐ Investigator brochure or reference safety information
- ☐ Invitation to participant
- ☐ Letter of support
- ☐ NSW privacy form
- ☐ Participant documentation e.g. diary, wallet card
- ☒ Participant information and consent form
- ☐ Peer review
- ☐ Protocol (Tracked)
- ☐ Questionnaire
- ☐ Radiation: letter re standard care
- ☐ Radiation: medical physicist's report
- ☐ Report forms
- ☐ Statistician comments
- ☐ Western Australian specific module
- ☐ Other project-related documentation

- Press **Upload Document**  to attach the selected Supporting Document from your local drive

- Uploaded documents will be displayed under their type, name, file name and version
- Multiple documents of the same document type can be added by selecting  multiple times
- Specify the version and date of each document to differentiate the documents within the same document type e.g. Sub-study PICFs

Assign access to the HREA

In ERM, the project owner can make the HREA available to others e.g. sponsors or colleagues.

Using the **Roles+** function, the project owner assigns other research team members pre-defined levels of access to the HREA.

Give access

- Select **Roles+** button under the Actions pane

- A dropdown list will display the different levels of access to the HREA

HREA Share (read-only) – to view HREA including uploaded documents

HREA Share (read, write) – to view and edit the form

HREA Share (read, create subforms) – to view, create subforms (SSA)

HREA Share (read, write, submit) – to view, write and submit forms

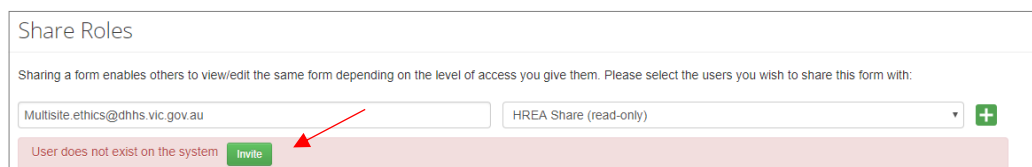

HREA Share (read, write, submit)
HREA Share (read-only)
HREA Share (read, write)
HREA Share (read, create subforms)
HREA Share (read, write, submit)

- Enter the collaborator's email address and select the level of access

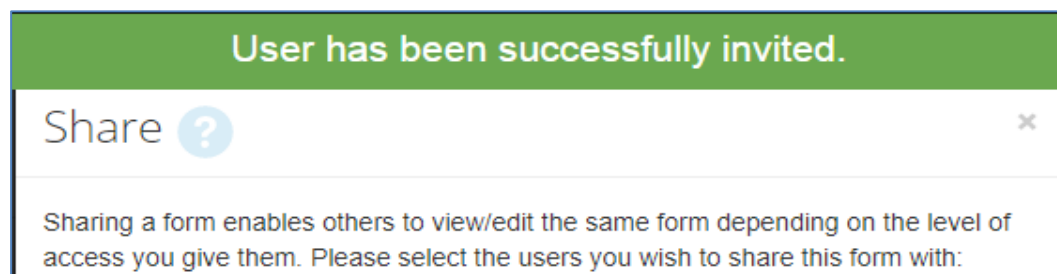

- Select **Share Role** button
- Other research team members can be added using the button

If the collaborator does not have an ERM account

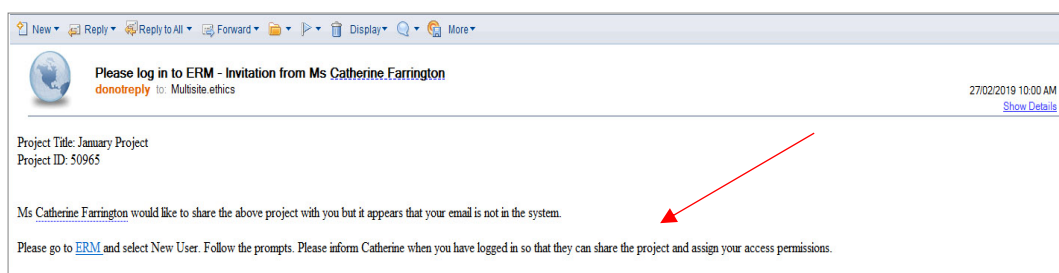

- A message will be displayed if the collaborator's email does not exist in ERM

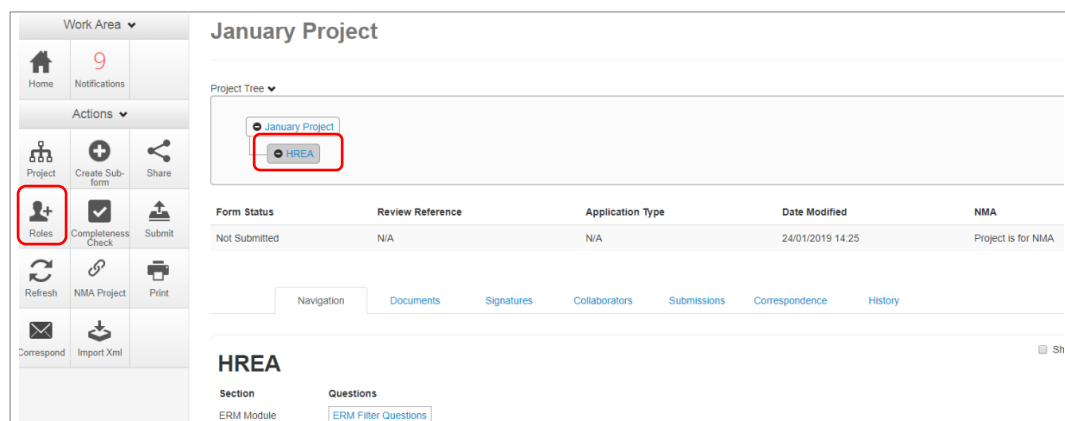

- Select the **Invite** button to invite the collaborator to create an ERM account
- This raises a green bar across the screen advising the collaborator has been successfully invited

- The collaborator will receive an email notification inviting them to share the project and a link to ERM to create an account. The collaborator should also notify the project owner when their ERM account has been activated

- The project owner will need to repeat the steps to assign the collaborator access to the HREA as described in [Give access](#)
- Select **Roles +** button under the Actions pane

Form Status	Review Reference	Application Type	Date Modified	NMA
Not Submitted	N/A	N/A	24/01/2019 14:25	Project is for NMA

Accept access

- The collaborator e.g. the PI will receive an email notification on their assigned role for the project
- The collaborator logs into ERM

- From the **Work Area** the collaborator selects **Notifications** tile

- Select the Message title to open the message

- A **Message** text box will be displayed

Select **View Form**

- The project and form will be displayed. Supporting documents attached to the form can also be viewed
- The collaborator can edit and submit sub-forms e.g. the SSA for their site depending on the level of access assigned by the project owner

Manage access

- The level of access previously assigned to a research member can be modified in the following way if **Roles +** has been used
- Highlight the relevant form in the Project Tree and select the **Roles +** button under the Actions pane
- A **Share Roles** textbox will be displayed showing the form's level of access that has been assigned to the collaborator e.g. HREA read only
- Select **Remove**

- The **Share Roles** page stays to allow the level of access to be modified
- Enter the collaborator's ERM email address and new level of access e.g. read, create subforms
- Select **Share Role**

- The collaborator will receive an email notification informing them of the change in their access

Applying Signatures

Declaration

The National Health and Medical Research Council **HREA** requires the applicant to enter the names of members of the research team who are signing the application.

- The Coordinating Principal Investigator is required to sign the Declaration for the HREA submission
- A declaration may be completed by each of the researchers/investigators
- Consult your institution's policy for guidance on whether all members must sign this application or whether the CPI can sign on behalf of the research team

The screenshot shows the 'HREA Investigator Team Declarations' form. On the left is a sidebar with 'Actions' including Previous, Next, Navigate, Print, Documents, Signatures, Save, Share, Roles, Collaborators, Completeness Check, and Submit. The main content area has a title 'HREA' and a section 'Investigator Team Declarations'. It contains instructions: 'This declaration must be completed by each of the researchers/investigators or, where applicable, one member on behalf of the research team.' followed by bullet points. Below this is a section 'Indicate which members must sign this application' with a list of roles and checkboxes. Two red arrows point from this list to callouts: one from 'Coordinating Principal Investigator/Researcher' to 'Signature required by CPI' and another from 'Principal Investigator' to 'Signature required by PI'. At the bottom, a note states: 'This system requires you to enter the names of members who are signing this application. You must also indicate how the member will be signing, and upload any signature documents prior to requesting any electronic signatures. The application will be locked (read only) once you have signed/requested electronic signatures.'

Signatures

The HREA form questions / information must be complete, before doing signatures
Any change to the HREA form will invalidate signatures

The applicant must indicate how each member will be signing the application **before** requesting any electronic signatures.

Using a combination of signature methods, electronic signatures should be sought LAST as the application/form will be locked once an electronic signature request has been made
Multiple electronic signatures can occur

There are three signature methods available:

- If a wet ink signature is preferred, select 'Wet ink after printing' to sign after the HREA is completed
- If a document is used to endorse agreement, select 'Upload other evidence' to reflect investigator's agreement then attach the evidence e.g. a PDF of an email

- For electronic signature select 'Electronic signature' and use the ERM 'Request Signature / Sign' function to electronically sign the declaration within the application using ERM
- * **Signatories must have an ERM account to provide an electronic signature**

The HREA form owner may request signatures as follows:

1. To use Wet ink signature

- Select Wet ink sign after printing

- 'Wet ink sign after printing' creates a signature section (at bottom of screen)
- Using the **Print button**  from the Actions Pane, print this section and obtain the signature from the CPI / PI. Save to your local drive as a pdf
- Navigate to last section of the HREA to find  **Upload**
- **Upload** then opens Q 4.2 to attach the Declaration page
- Select '**Yes**' to other relevant documents and select '**Other project-related documentation**'
- Select **Upload document**  to attach the signature document to the HREA
- The uploaded signature document will be displayed with the document and file name and versions

2. To Upload other evidence – to attach an email copy / letter to indicate agreement

- Select 'Upload other evidence'

Q4.7 How will the Coordinating Principal Investigator/Researcher agree to these terms?

- You can use the ERM 'request/sign' function to electronically sign this application.
- Select 'Upload other evidence' to upload and attach other evidence, such as an email.
- Select 'Sign after printing' if you intend to sign the HREA after it is printed (i.e. 'wet ink' signature).

Coordinating Principal Investigator/Researcher

I, (insert name)

certify that:

- All information in this application and supporting documentation is correct and as complete as possible;
- I have read and addressed in this application the requirements of the National Statement and any other relevant guidelines;
- I have familiarised myself with, considered and addressed in this application any relevant legislation, regulations, research guidelines and organisational policies;
- All relevant financial and non-financial interests of the project team have been disclosed; and
- In the capacity of a supervisor, as applicable, I have reviewed this application and I will provide appropriate supervision to the student(s) in accordance with the arrangements specified in this application and those associated with the student's educational program.

Q4.7 How will the Coordinating Principal Investigator/Researcher agree to these terms?

- You can use the ERM 'request/sign' function to electronically sign this application.
 - Select 'Upload other evidence' to upload and attach other evidence, such as an email.

- Select **Confirm** to unlock the form

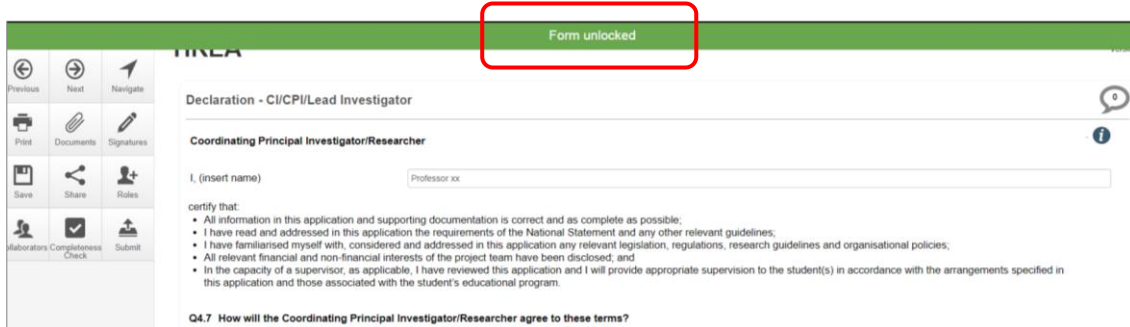

Unlock Form

Performing this action will invalidate any signatures on the form. Are you sure?

Confirm **Cancel**

- The form is unlocked for editing

The screenshot shows the top of the form with a green header bar. A red rectangle highlights the text "Form unlocked" in the header. Below the header, the form content is visible, including a "Declaration - CI/CPI/Lead Investigator" section and a "Coordinating Principal Investigator/Researcher" section. The form is titled "IRCA" and includes a sidebar with navigation and action buttons like "Previous", "Next", "Navigate", "Print", "Documents", "Signatures", "Save", "Share", "Roles", "Milestones", "Completeness", "Check", and "Submit".

- Complete the edits in the form
- Repeat the signatory process for electronic signatures from research team members
- The application is ready for submission

Section 4: Submission and Review Process - HREA

In ERM the submission and review processes are similar for all forms.

For the initial application submission ensure the form is complete and all **documents are uploaded and signatures completed**.

To note, as the project title cannot be changed once approved, ensure the title is correct before submitting or resubmitting the application.

Submission

- Navigate to the Actions pane and select the **Submit**  button
- The system performs a completeness check to highlight any incomplete sections.

If complete, the form is ready to be submitted

- Select the **Submit**  button

- The system will automatically submit the application to the HREC/ethics review body selected in **Q 4.3** of the HREA

Application type	HREC - the HREA
ERM Project ID	46664
Organisation/hospital code	VICTEST
Year	2018- year of submission
Submission number	154992 - submission version number
Version number	v1

- Following the submission, a unique identification code is generated.
It is composed of six parts - e.g. HREC/46664/VICTEST-2018-154992(v1)

- The **Form Status**  of the application becomes Submitted

Recall an application

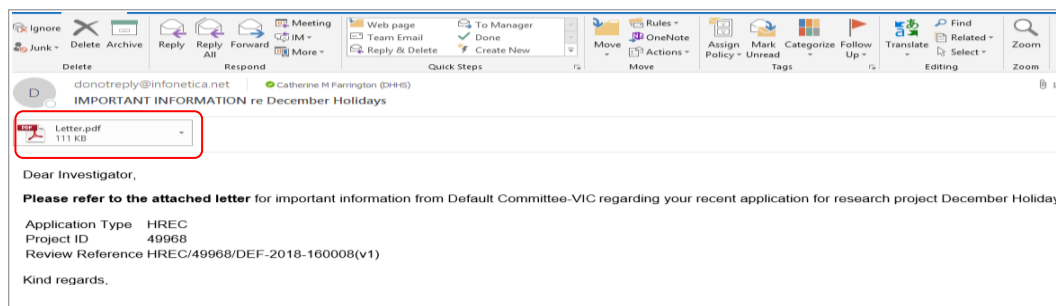

Any changes made to the submission will INVALIDATE all electronic signatures and will require all signature requests again

- Once the application has been submitted, a recall option becomes available
- The form can be recalled **until** the submission is actioned by the Research Office
- The recall removes the submitted application from the Research Office's ERM account
- Select the **Recall**  button under the Actions Pane to recall the submission and make any changes / additions
- Select the **Submit**  button again. The application will be resubmitted.

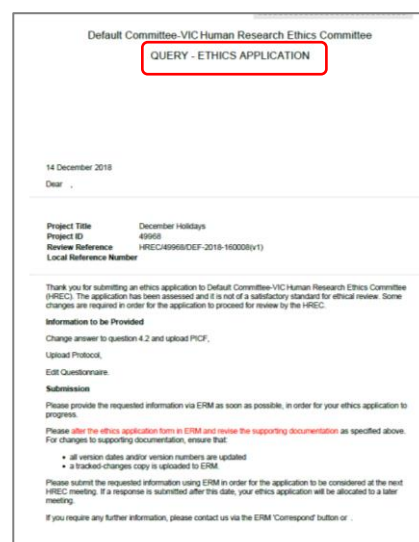

Responding to a Query from the Research Office

If an application is queried by the Research Office for further clarification or changes, additions e.g. supporting documents:

- The applicant is advised via an ERM email of important information regarding their application

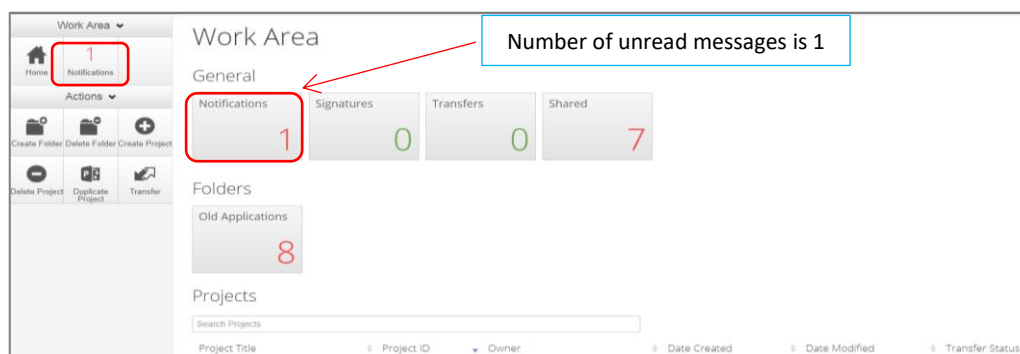

- A 'Query – Ethics Application' letter (pdf) from the Research Office will include details for further information to be provided via ERM

- The form will be **unlocked** to allow the applicant to complete the revisions / additions as requested

To access the Query

- In the Work Area, click on the **Notifications** tile

- Select the **Message** title to open and view the message

Ethics Committee Review Request

Clarification or requests for further information from the reviewing Ethics Committee to the applicant must be managed through ERM

- The applicant is advised via an ERM email of important information regarding the application

The screenshot shows an email from donotreply@infonetica.net to Catherine M Farrington. The email subject is 'IMPORTANT INFORMATION re December Holidays'. The email body contains information about the application type (HREC), project ID (49968), and review reference (HREC/49968/DEF-2018-160883(v2)). A red box highlights the attachment 'Letter.pdf'.

Dear Investigator,

Please refer to the attached letter for important information from Default Committee-VIC regarding your recent application for research project December Holidays .

Application Type HREC
Project ID 49968
Review Reference HREC/49968/DEF-2018-160883(v2)

Kind regards,

- A 'Request For Further Information' letter (pdf) from the HREC will include details for further information to be provided via ERM
- The form is **unlocked** to allow the applicant to complete the requests as outlined in the attached letter

Respond to a request for further information from the Ethics Committee

- Continue to complete the other requests as instructed in the **Overall Reviewer Panel Comments** as above
- In the Actions pane select the **Submit**  button to resubmit
- The reviewing Research Office will receive the resubmission

Approved Applications

- Applicants are informed of decisions by the HREC via email using ERM. If the application has been approved, the form is locked
- Log on to ERM and click on **Notifications** tile
- A formal approval letter from the HREC can be downloaded by the applicant
- If the application review outcome is **not approved**, applicants are also informed via email through ERM.

Section 5: National Mutual Acceptance (NMA) applications

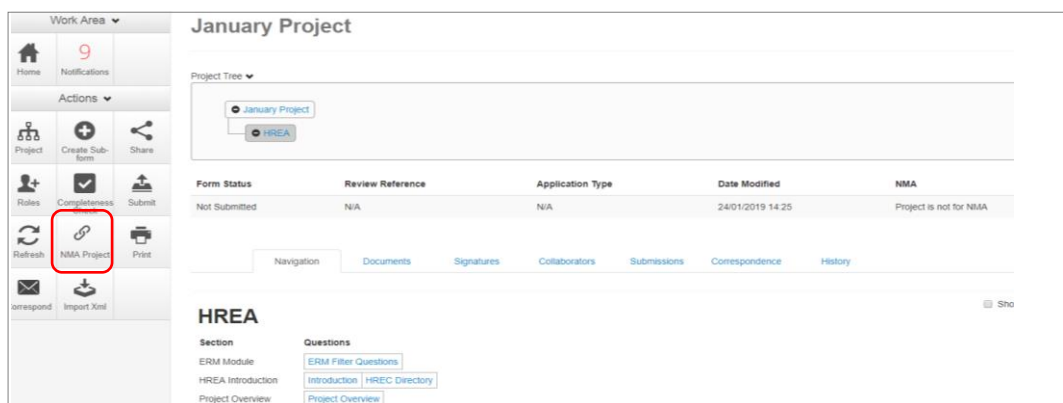

NMA is a national system for mutual acceptance of scientific and ethical review of multi-centre human research projects conducted in publicly funded health services across jurisdictions.

Single ethical and scientific review for a multi-centre human research project can be provided across six participating states/territories.

If the application is to be reviewed under the NMA scheme, this needs to be recorded in ERM for reporting purposes.

- When completing the HREA, select **Yes** to **Q 4.6 Will this application be reviewed under the National Mutual Acceptance scheme?**

- Navigate  back to the **Actions** pane and select **NMA Project**

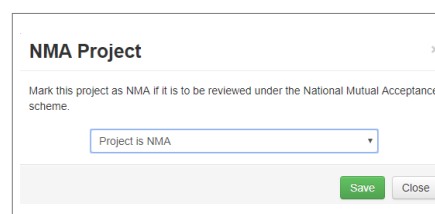

The screenshot shows the ERM interface. On the left, the 'Actions' pane is visible with 'NMA Project' highlighted by a red box. The main area shows the 'January Project' details, including a table with the following data:

Form Status	Review Reference	Application Type	Date Modified	NMA
Not Submitted	N/A	N/A	24/01/2019 14:25	Project is not for NMA

Below the table, there are tabs for 'Navigation', 'Documents', 'Signatures', 'Collaborators', 'Submissions', 'Correspondence', and 'History'. The 'HREA' section is also visible, showing 'Section' and 'Questions' tabs.

- A NMA Project text box will be displayed
- Select **Project is NMA** from the drop-down list

Select **Save** 

The 'NMA Project' dialog box is shown. It contains a text box with the value 'Project is NMA' and a 'Save' button. The dialog also includes a 'Close' button and a 'Mark this project as NMA if it is to be reviewed under the National Mutual Acceptance scheme.' label.

- The **Form Status Table** will be updated to 'Project is for NMA'

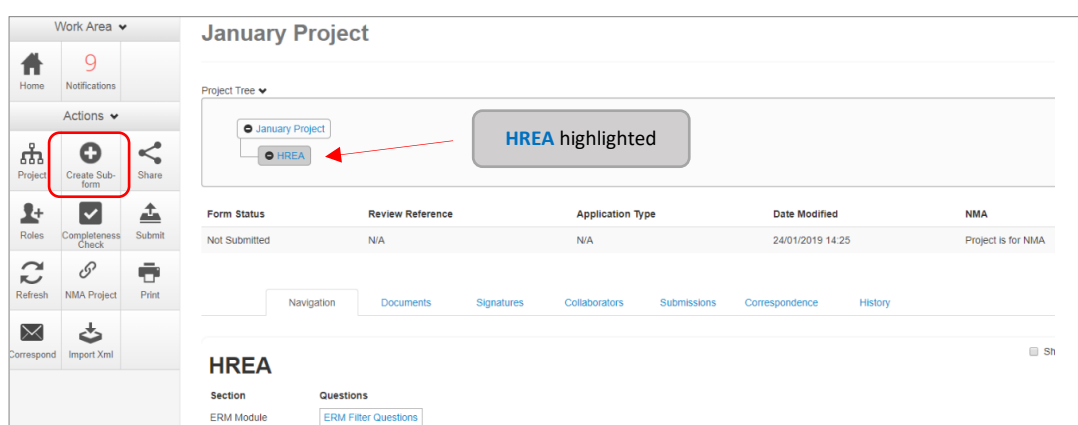

Section 6: Victorian Specific Module (VSM)

For each project that utilises the HREA form and has a site in Victoria, the **Victorian Specific Module (VSM)** must be completed if certain research features of the project apply as indicated in the HREA – ERM Filter Questions. In these instances, the VSM is mandatory when the HREA is used. It addresses Victorian legislative requirements.

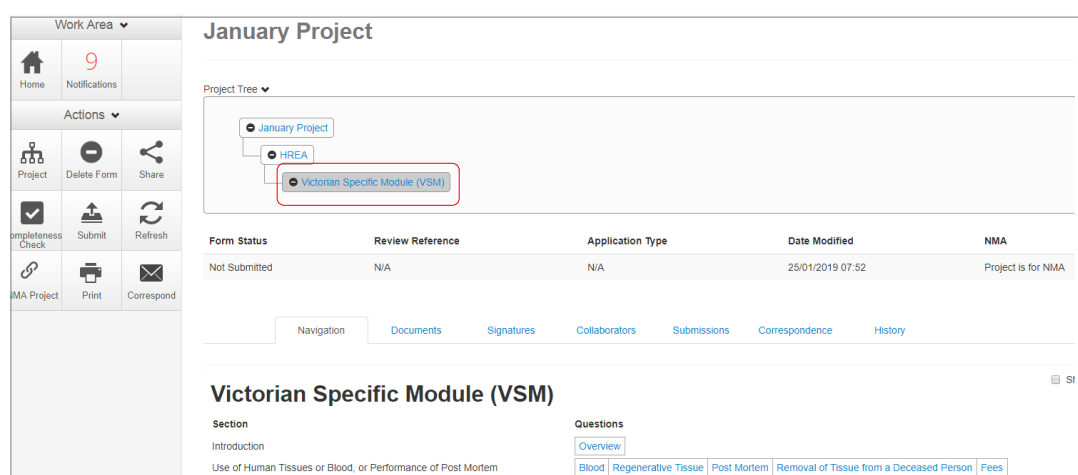

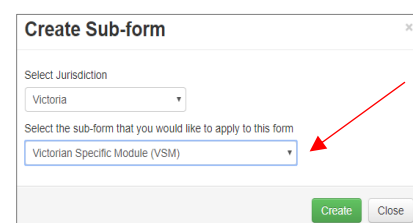

The VSM is submitted to the reviewing HREC as part of the ethics application.

In ERM:

- The VSM is created as a sub-form of the HREA
- Under the **Actions** pane select **Create Sub-form**  button

- A **Create Sub-form** text box will be displayed
Select the Victorian Specific Module (VSM) from the drop-down list
Select **Create**
- The VSM will appear in the Project Tree as a sub-form of the HREA
- Complete all applicable sections of the VSM form

- In the VSM, select **Print**  to generate a pdf and save to your local drive
- Return to the HREA (highlight in Project Tree) and go to the [ERM Filter Questions](#) section

Section 7: Victorian Low and Negligible Risk Application (LNR VIC)

For a single-site low and negligible (LNR) research project, the LNR VIC application form may be utilised instead of the HREA. A Victorian Specific Module is not required for project utilising the LNR VIC application form.

Some reviewing HRECs may not accept the LNR VIC; always discuss the research project with the reviewing organisation's Research Office before creating an ethics application for a low risk research project.

Create a LNR VIC form

- Log into ERM and go to the **Work Area**
- Select **Create Project** button under the Actions pane

- Enter the Project Title
- Select Victoria as the reviewing jurisdiction
- Select **LNR VIC** from the Main Form options
- Select **Create** button to create the project

Assign access to the LNR VIC form

In ERM, the project owner can make the LNR VIC form available to other research team members.

Using the **Roles +** function, the project owner assigns other collaborators pre-defined levels of access to the LNR VIC form.

- Select **Roles +** [Roles](#) button under the Actions pane

Applying Signatures

Declaration

The Coordinating Principal Investigator is required to sign the Declaration page for the LNR VIC submission if the ethics application is multi-site otherwise the Principal Investigator is required to sign for a single site application.

- A declaration may be completed by each of the researchers/investigators
- Consult your institution's policy for guidance on whether all members must sign this application or whether the CPI can sign on behalf of the research team

The screenshot shows the 'LNR VIC' form interface. On the left is a sidebar with 'Actions' including Previous, Next, Navigate, Print, Documents, Signatures, Save, Share, Collaborators, Completeness Check, and Submit. The main content area is titled 'Statement' and contains the 'Declaration of Coordinating Principal Investigator'. It includes a 'I certify that:' section with several bullet points regarding the accuracy of information, access to the National Statement, consultation with legislation, reporting to the HREC/non-HREC review body, and identification of risks. At the bottom, there are 'Request Signature' and 'Sign' buttons. A red arrow points to the 'Sign' button, and a text box next to it states: 'Signature required by CPI for multisite application'.

- **Supporting Documents** opens to attach the Declaration page
- Select **Upload document**  to attach the signed Declaration page to the LNR VIC
- The uploaded signed Declaration page will be displayed with the document, file name and version

Type	Document Name	File Name	Version Date	Version	Size	View	Delete
Other	Signature for Professor Smith	Signature for Professor Smith.docx	01/01/2019	1	12.5 KB	Download	Delete

To Upload other evidence – to attach an email copy / letter to indicate agreement

- Navigate to last section of the LNR VIC to find Additional Documents [Supporting Documents](#)
- **Supporting Documents** opens to attach the signature document
- Continue as described above to **Upload** the pdf document to the LNR VIC

To request an Electronic Signature

- Select **Request Signature**  button
- The system performs a completeness check to highlight any incomplete sections that need to be completed
- When all sections have been completed, select **Request Signature** 
- Enter the signatory's ERM email address and select **Request**

- The signatory will receive an email notification for a signature, a message and a link to ERM Log In page
- The signatory logs in to ERM

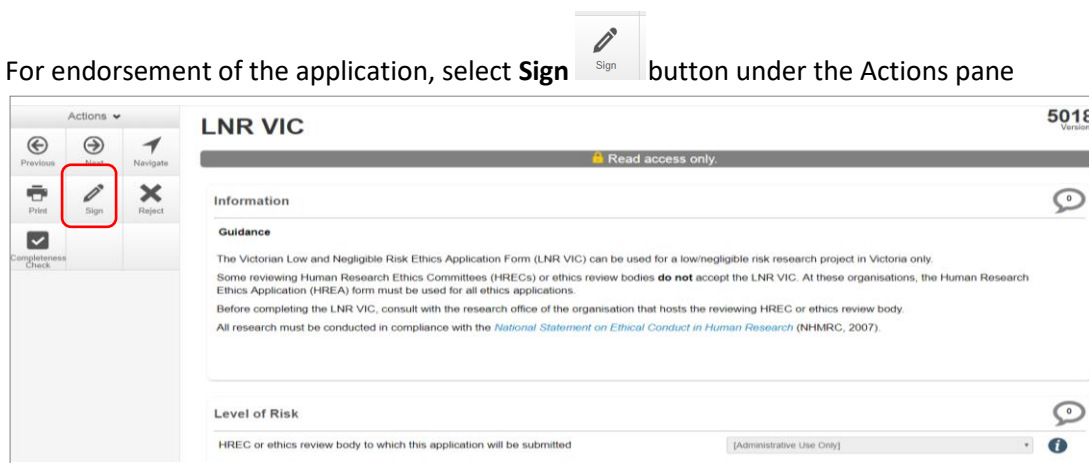

- From the **Work Area** the signatory selects **Signatures** tile to open the request

- New requests are highlighted
- Under the **Action** tab, select **View Form** to review the application

- For endorsement of the application, select **Sign** button under the Actions pane

- A **Sign Form** text box is displayed. The signatory enters their ERM log in details to sign the form
- Select **Sign** button
- The applicant receives an email notification indicating the signature request has been accepted
- Repeat the signatory process for electronic signatures from other members if required e.g. Associate Investigator if indicated in the Research Team in the LNR VIC
- Once the signature is complete the application is ready for submission

Section 8: Submission and Review Process – LNR VIC

Initial application submission – ensure the Form is complete and all documents are uploaded and signatures completed

Submission

- Navigate to the Actions pane and select the **Submit**  button
- The system performs a completeness check to highlight any incomplete sections
If complete, the form is ready to be submitted

- Select the **Submit**  button

- The system will automatically submit the application to the HREC/ethics review body selected in the 'Introduction' section of the LNR VIC form
- Following submission, a unique identification code is generated.
It is composed of six parts – e.g. LNR/61791/DEF-2020-202467 (v1)

Application type	LNR
ERM Project ID	61791
Organisation/hospital code	DEF
Year	2020- year of submission
Submission number	202467 - submission version number
Version number	v1

Recall an application

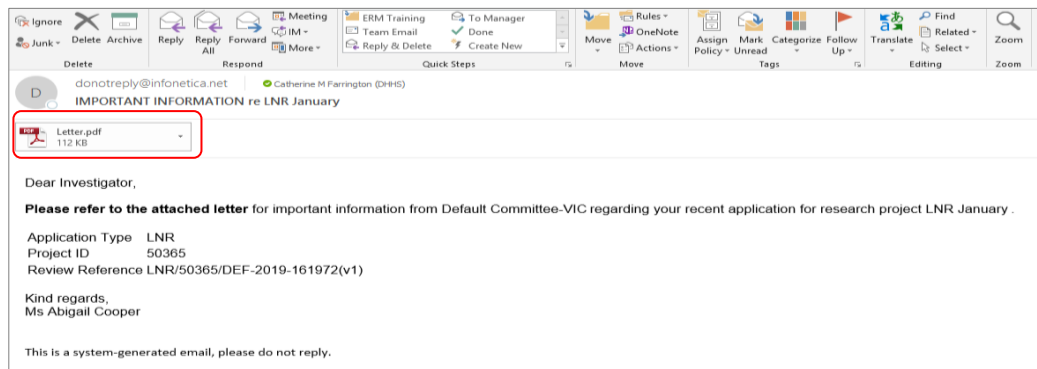

**Any changes made to the submission will INVALIDATE all electronic signatures
and will require all signature requests again**

- Once the application has been submitted, a recall option becomes available
- The form can be recalled **until** the submission is actioned by the Research Office
- The recall removes the submitted application from the Research Office's ERM account
- Select the **Recall**  button under the Actions Pane to recall the submission and make any changes / additions
- Select the **Submit**  button again. The application will be resubmitted

Responding to a Query from the Research Office

If an application is queried by the Research Office for further clarification or changes, additions (e.g. supporting documents):

- The applicant is advised via an ERM email of important information regarding their application

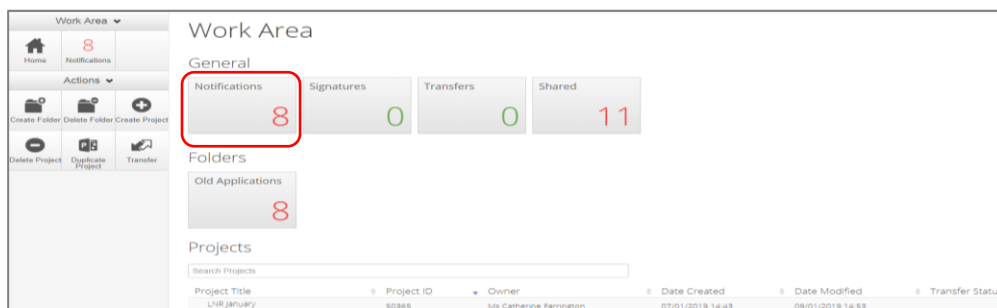

- A 'QUERY-ETHICS APPLICATION' letter (pdf) from the Research Office will include details for further information to be provided via ERM

- The form will be **unlocked** to allow the applicant to complete the revisions / additions as requested

To access the Query

- In the Work Area, click on the **Notifications** tile

- Select the Message title to open and view the message

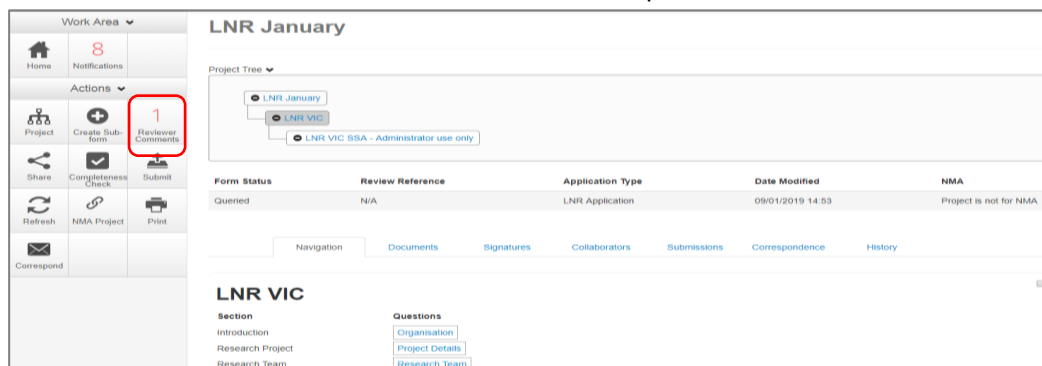

- A **Message** box will be displayed allowing the user to view the form
- Press **View Form** to be directed to the relevant form

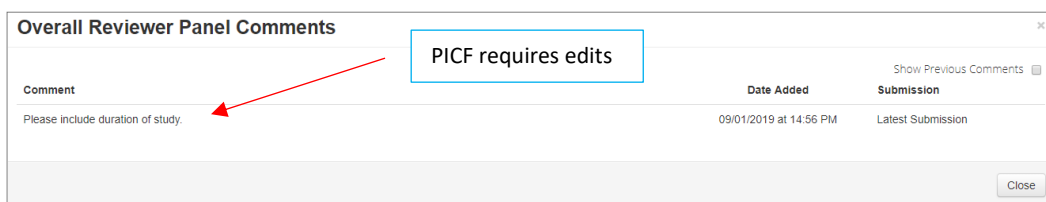

- The LNR VIC form will open under the **Navigation** tab.

Select **Reviewers Comments**  under the Actions pane

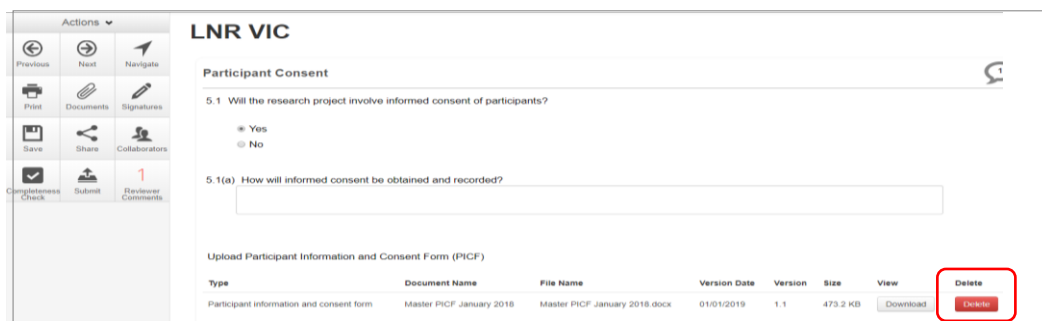

- A text box will be displayed of the **Overall Reviewer Panel Comments**

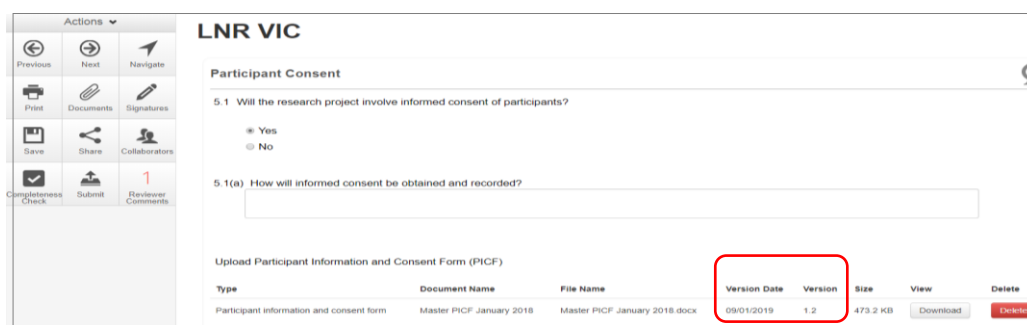

- Select the comment to be directed to the relevant section in the form i.e. to **Participant Consent Q 5.1**
- As the query requires a new version of a **document**, the original version should be deleted, and the new version uploaded into the form. Previous document versions are automatically archived.

- Select **Delete**  to delete the original version

- Select **Upload Document**  to upload the revised (new) version of the document with the correct version number and date

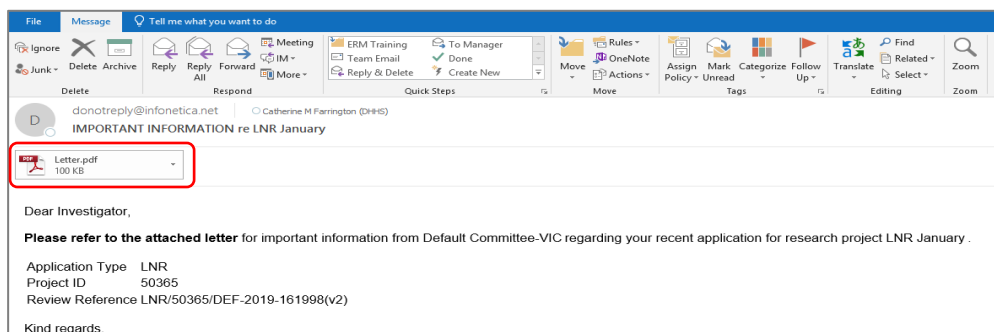

- Continue to complete other queries if instructed in the **Overall Reviewer Panel Comments**
- Once the revisions / additions have been completed, the form and / or supporting documents can be resubmitted

- Select the **Submit**  button under the **Actions** pane to resubmit the revised application
- The Research office will receive the submission
- The application is assigned to a HREC meeting
- Following the HREC review there may be an information request from the Ethics Committee.

Ethics Committee Review Request

Clarification or requests for further information from the reviewing Ethics Committee to the applicant must be managed through ERM

- The applicant is advised via an ERM email of important information regarding the application

- A 'REQUEST FOR FURTHER INFORMATION' letter (pdf) from the HREC will include requests for further information to be provided via ERM
- The form is **unlocked** to allow the applicant to complete the requests as outlined in the attached letter

Respond to a request for further information from the Ethics Committee

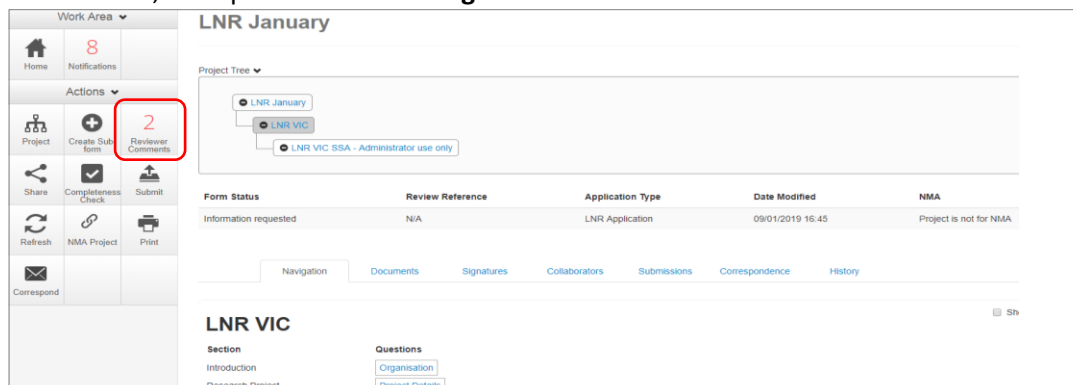

- Depending on the request, the applicant can amend the LNR VIC form and add new documents
- Log in to ERM account
- In the Work Area, click on the **Notifications** tile
- Select the Message title to open and view the message

- A message box will be displayed allowing the user to view the form
Press **View Form**  to be directed to the relevant form

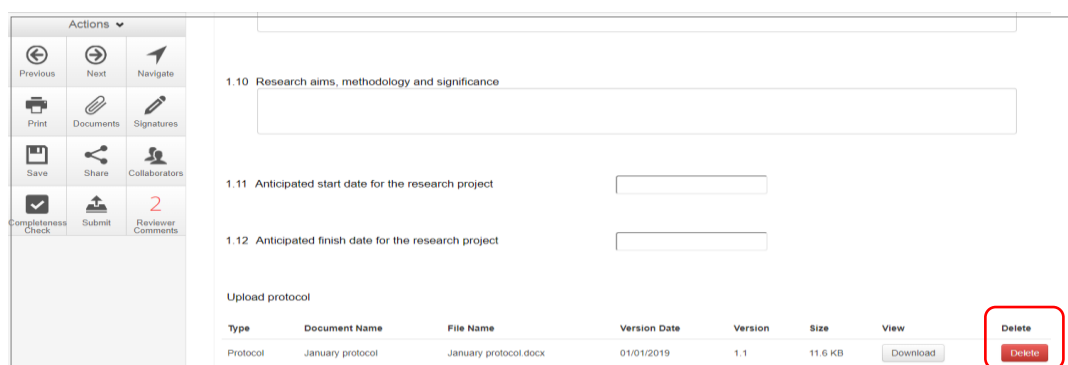

- The LNR VIC, will open under the **Navigation** tab

- Select **Reviewers Comments**  under the Action pane
- A text box will be displayed of the **Overall Reviewer Panel Comments**

To re-submit the form what signature/s are required?

1. The CPI/PI signs - for minor changes the Research Office has all signatures on the initial submission
2. Other investigators to sign - if a substantial change or required by local policy

Check with other signatories and the Research Office policy before requesting signatures and re-submission

- In the Actions pane select the **Submit**  button to resubmit
- The reviewing Research Office will receive the resubmission

Approved Applications

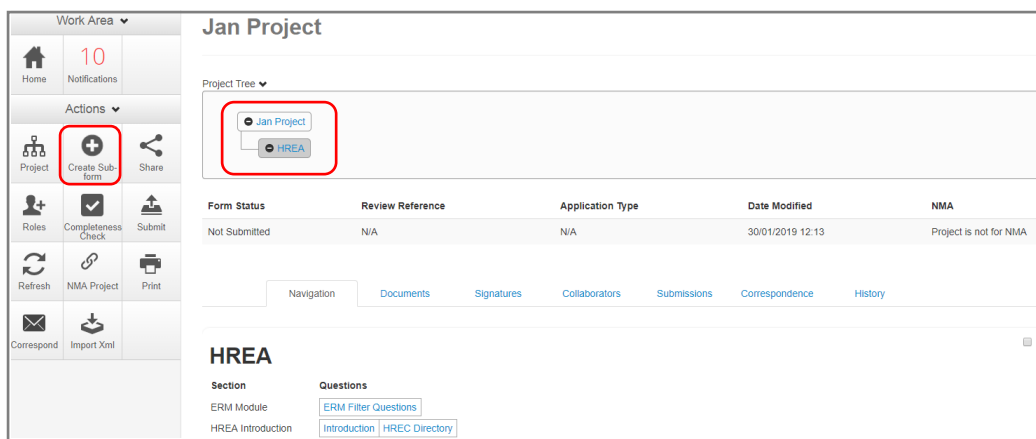

- Applicants are informed of decisions by the HREC via email using ERM. If the application has been approved, the form is locked
 - Log on to ERM and click on **Notifications** tile
 - A formal approval letter from the HREC can be downloaded by the applicant
- If the application review outcome is **not approved**, applicants are also informed via email through ERM.

Section 9: Site Specific Assessment (SSA)

The Victorian SSA form is used to address governance at a public health organisation in Victoria. It is the responsibility of the site Principal Investigator to complete the Victorian SSA form for their site, and to submit the form to the site Research Governance Officer (RGO).

Create a SSA

- From the HREA or LNR VIC, select **Create Sub-form** button under the actions pane

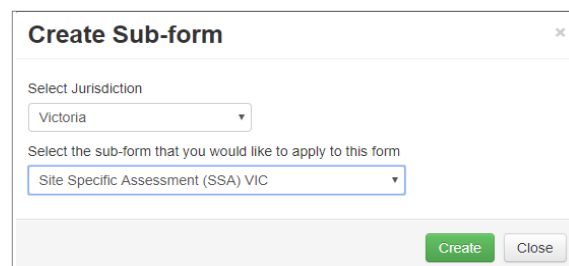

The screenshot shows the 'Jan Project' workspace. On the left, the 'Actions' pane has a 'Create Sub-form' button highlighted with a red circle. In the 'Project Tree' on the right, the 'HREA' item is highlighted with a red circle. Below the Project Tree is a table with the following data:

Form Status	Review Reference	Application Type	Date Modified	NMA
Not Submitted	N/A	N/A	30/01/2019 12:13	Project is not for NMA

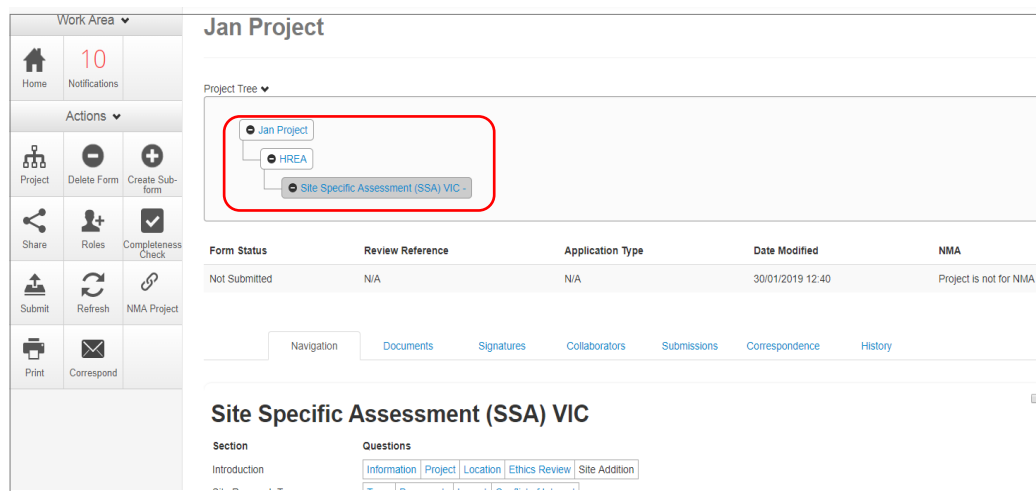

Below the table are tabs for Navigation, Documents, Signatures, Collaborators, Submissions, Correspondence, and History. At the bottom, the 'HREA' section is visible with links for 'Introduction' and 'HREC Directory'.

- A **Create Sub-form** box will be displayed
- Select the jurisdiction
- Select SSA VIC from the drop-down list
- Select **Create** button

The 'Create Sub-form' dialog box is shown. It has a 'Select Jurisdiction' dropdown menu with 'Victoria' selected. Below it, there is a 'Select the sub-form that you would like to apply to this form' dropdown menu with 'Site Specific Assessment (SSA) VIC' selected. At the bottom right, there are 'Create' and 'Close' buttons.

- The Project Tree will display the newly created SSA

The screenshot shows the 'Jan Project' workspace after creating the SSA. The 'Project Tree' now includes a new item, 'Site Specific Assessment (SSA) VIC', which is highlighted with a red circle. The table below the Project Tree now has the following data:

Form Status	Review Reference	Application Type	Date Modified	NMA
Not Submitted	N/A	N/A	30/01/2019 12:40	Project is not for NMA

Below the table are the same tabs as before. At the bottom, the 'Site Specific Assessment (SSA) VIC' section is visible with links for 'Introduction', 'Information', 'Project', 'Location', 'Ethics Review', and 'Site Addition'.

- Information from the HREA will not automatically populate the SSA

Creating SSAs for Sites

The SSA for a site is created by either the **HREA (or LNR VIC)** project owner **or** by assigning this role to the site PI.

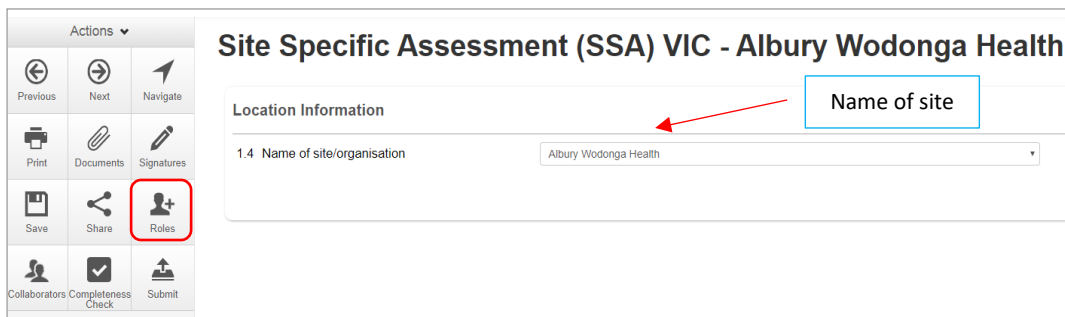

The creation and management of site SSAs in **ERM** should be determined by the CPI / delegate.

Both options **(i) and (ii)** are described below:

(i) HREA project owner

- The HREA project owner creates the SSA as sub-form of the HREA and becomes the SSA form owner
- The HREA / SSA owner may start the SSA then assign responsibility for its completion and submission to the site PI
- In the **Introduction** section of the SSA form, complete question **Q 1.4** to enter the name of the site/organisation

- Select **Roles+**  button under the Actions pane

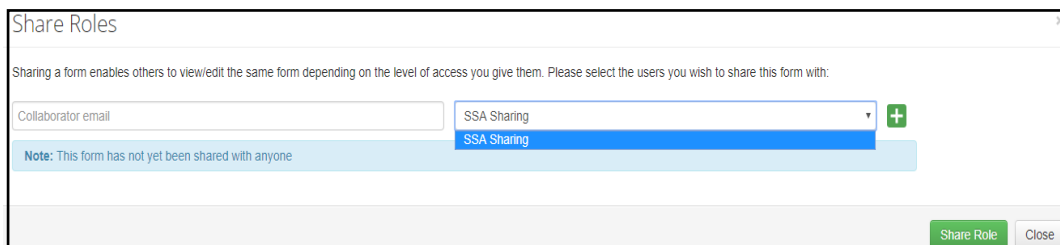

- A **Share Roles** text box will be displayed

Enter the collaborator's (site PI) email address and select **SSA Sharing**

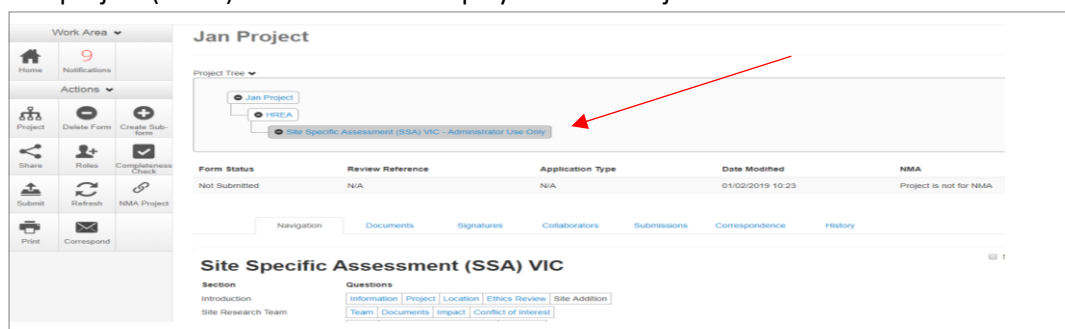

This level of access includes all of the following:

- read
- write
- create subforms e.g. Site Notification Form
- receive notifications

- Other research team members can be added using the  button
- Select **Share Role** button
- The collaborator e.g. the site PI will receive an email notification about their assigned role in the project
- The collaborator logs into ERM and follows the steps as described in [Assign access to the HREA](#)

- The project (HREA) and SSA will be displayed in the Project Tree

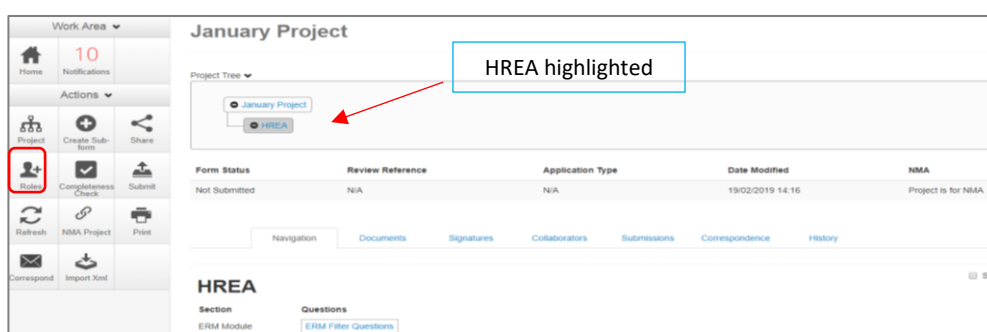

- Using **Roles +** allows the collaborator to also view the HREA form and supporting documents. All documents uploaded to the ethics application by the CPI are automatically available when the CPI has shared the SSA (using Roles +) with the site PI

- Complete the SSA form

(ii) Assigning Role to Site PI

- The HREA is allocated to the PI/delegate using **Roles +** allowing the PI access to the HREA to create their own SSA

- The HREA project owner selects the **Roles +** button under the Actions

- A **Share Roles** text box will be displayed
- Enter the collaborator's (site PI) email address and select **HREA Share (read, create subforms)**

Share Roles

Sharing a form enables others to view/edit the same form depending on the level of access you give them. Please select the users you wish to share this form with:

Collaborator email

HREA Share (read, create subforms)

- Select **Share Role**
- The collaborator will receive an email notification about their assigned role in the project
- The collaborator logs into ERM and follows the steps as described in [Assign access to the HREA](#)
- The project (HREA) will be displayed in the Project Tree

- Select the **Create Sub-form** button under the Actions pane

Section	Questions (hyperlink)	Document Example
Site Research Team	Documents	Curriculum Vitae, GCP training certificates
Recruitment	Participant Details Q 4.1	Site specific PICF
Regulation	Research Agreement Q 5.2	Clinical Trial Research Agreement (CTRA)
Other Documents	Other Documents Q 7.1	Signature document, Departmental forms

- Example – Site specific PICF

- Press **Upload Document** to attach the site specific PICF from your local drive
- Uploaded documents will be displayed under their type, name, file name and version
- Multiple documents of the same document type can be added by selecting **Upload Document** multiple times

Assign access to the SSA form

In ERM, only the **SSA form owner** can make the SSA available to other research team members using the **Roles+** function.

- Select the **Roles+** button under the Actions pane
 - Enter the collaborator's email address and select **SSA Sharing**.
- Select **Share Role** button

- The collaborator will receive an email notification regarding access to the project
- The collaborator logs in to ERM and follows the steps as described in [Assign access to the HREA](#)
- The collaborator will be able to view and edit the SSA

Applying Signatures

Declaration

The Principal Investigator (PI) is required to sign the Declaration by Principal Investigator page in the SSA form for endorsement of the project at the site.

- For departments directly involved in the research project (**SSA Q 3.3**), the department head is required to sign the Declaration by Head of Department

- For any department that is providing support or services to the research project, the supporting department head is required to sign the Declaration by Head of Supporting Department

Signatures

The SSA form questions / information must be complete, before requesting signatures.

Any change to the SSA form will invalidate signatures.

Using a combination of signature methods e.g. wet ink signatures, attaching other evidence, electronic signatures should be sought LAST as the form will be locked once electronic signature requests have been made. Multiple electronic signatures can occur.

*** Signatories must have an ERM account to provide electronic signature**

The SSA form owner / user may obtain signatures as follows:

To use Wet ink signature

- Using the **Print button** from the Actions Pane, print the relevant Declaration page and obtain the signature from the PI /Head of Department /Supporting Head of Department. Save to your local drive as a pdf
- Navigate to Section **Other Documents** of the SSA to find [Other Documents](#)
- Other Documents** opens to **Q 7.1** of the SSA form to attach the Declaration page
- Select **Upload document**  to attach the Declaration page to the SAA form

To attach other evidence to indicate agreement

- Navigate to Section 'Other Documents' of the SSA to find [Other Documents](#)
- **Other Documents** opens to Q 7.1 of the SSA form to attach the signature document
- Select **Upload Document**  to attach the signature document from your local drive to the SSA form
- Other supporting documents can also be uploaded in this section

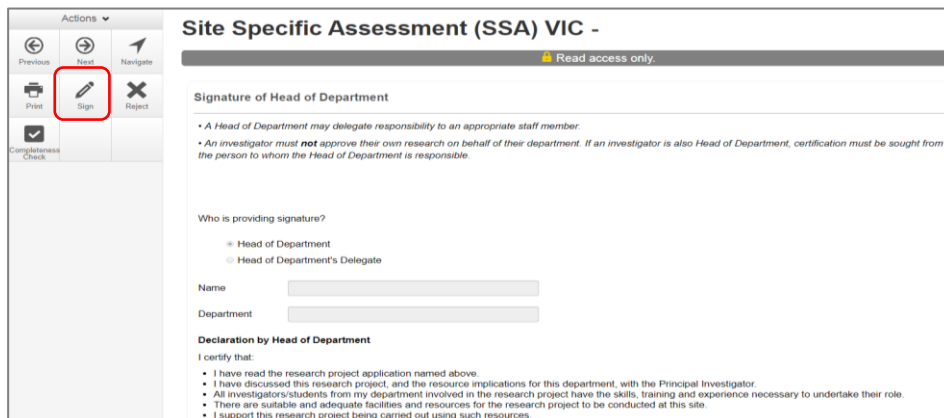

To request an Electronic Signature

- To request an electronic signature from the Head of Department, Supporting Head of Department or Principal Investigator select **Request Signature**  button

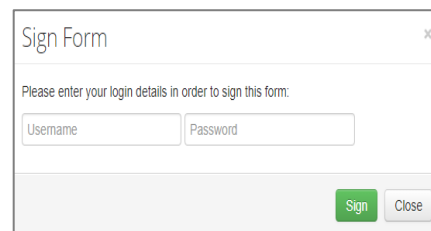

- Enter the signatory's ERM email address and select **Request**

- The requested signatory will receive an email notification for a signature
- The signatory logs into ERM
- From the **Work Area** the signatory selects **Signatures** tile to open the request

- New requests are highlighted 
- Under the **Action** tab, select **View Form**  to review the SSA form
- The ethics application cannot be viewed unless the **HREA** Project/Form Owner has used the **Roles+** function from the **SSA** to share the SSA form with the signatory
- For endorsement of the SSA application, select **Sign**  button under the Actions pane

- A **Sign Form** text box is displayed
- The signatory enters their ERM log in details to sign the form
- Select **Sign**  button

- The applicant receives an email notification indicating the signature request has been accepted by the signatory i.e. the form has been signed
- Repeat the signatory process for electronic signatures for other signatories
- **All signatures must be obtained before the SSA can be submitted to the site Research Governance Officer**
- Once the signature is complete the application is ready for submission

Section 10: Submission and Review Process – SSA

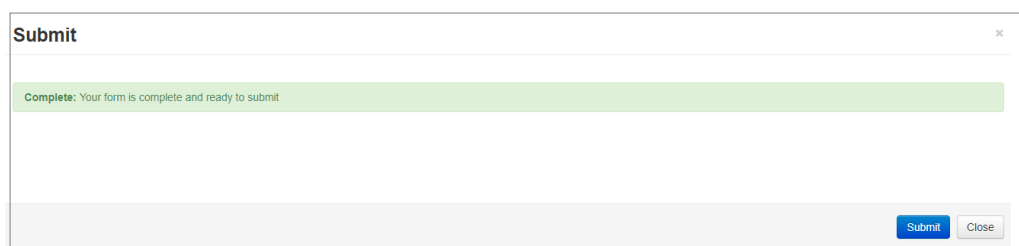

Ensure the SSA form is complete and all site documents are uploaded and **signatures completed**.

When the SSA is submitted, the site Research Governance Officer (RGO) automatically has access to all documents uploaded to the main(ethics)form when the ethics application has been submitted via ERM to a Victorian or Queensland HREC. This means that only site governance documents should be uploaded to the SSA form and submitted for authorisation.

Submission

- Navigate to the Actions pane and select the **Submit**  button
- The system performs a completeness check to highlight any incomplete sections

If complete, the form is ready to be submitted

- Select the **Submit**  button
- The system will automatically submit the application to the site/organisation selected in **Q 1.4** of the SSA
- Following the submission, a unique identification code is generated. It is composed of six parts - e.g. SSA/60889/VICTEST-2020-201446(v1)

Application type	SSA
Project ID	60889 – ERM project number
Organisation/hospital code	VICTEST
Year	2020- year of submission
Submission number	201446 - submission version number
Version number	v1

Recall an application

Any changes made to the submission will INVALIDATE all electronic signatures and will require all signature requests again

- Once the SSA application has been submitted, a recall option becomes available
- The form can be recalled **until** the submission is actioned by the Research Office
- This action removes the submitted application from the Research Office's ERM account
- Select the **Recall**  button under the Actions Pane to recall the submission and make any changes / additions
- Check that any electronic signatures are completed

- Select the **Submit** button. The application will be resubmitted

The screenshot shows the ERM application interface. On the left, there is a sidebar with a 'Submit' button highlighted by a red box. The main area displays a 'December Holidays' project tree and a table of applications. Below the table, there is a 'Site Specific Assessment (SSA) VIC' section with various tabs and a 'Submit' button.

Responding to a Query from the Research Office

If an SSA application is queried by the Research Office for further clarification or changes, additions (e.g. supporting documents):

- The applicant is advised via an ERM email of important information regarding their SSA application

The screenshot shows an email notification from Catherine M Farrington (CRH45) to donotreply@infonetica.net. The subject is 'IMPORTANT INFORMATION re New Years Eve'. The email body contains the following text:

Dear Investigator,

Please refer to the attached letter for important information from Default Committee-VIC regarding your recent application for research project New Years Eve.

Application Type SSA
Project ID 50227
Review Reference SSA/50227/DEF-2019-161533(v1)

Kind regards,

- A 'REQUEST FOR INFORMATION' letter (pdf) from the Research Office will include details for further information to be provided via ERM

- The form will be **unlocked** to allow the applicant to complete the revisions / additions as requested

The screenshot shows a 'REQUEST FOR INFORMATION' letter from the Research Governance Officer. The letter is dated 2 January 2019 and is addressed to the applicant. The letter contains the following text:

RESEARCH GOVERNANCE / SITE SPECIFIC ASSESSMENT (SSA)
REQUEST FOR INFORMATION
from Default Committee-VIC Research Governance Officer

2 January 2019

Dear ,

Project Title New Years Eve
Project ID 50227
Review Reference SSA/50227/DEF-2019-161533(v1)

Thank you for submitting a research governance/SSA application to Default Committee-VIC. The application has been assessed by the research governance officer (RGO) and it is not of a satisfactory standard. Some changes are required.

Information to be Provided
Please add site contact details to the PICF.

Submission
Please alter the SSA form in ERM and revise the supporting documentation as specified above. For changes to supporting documentation, ensure that:

- all version dates and/or version numbers are updated
- a tracked-changes copy is uploaded to ERM.

Please submit the requested information via ERM as soon as possible, in order for your research governance/SSA application to progress.

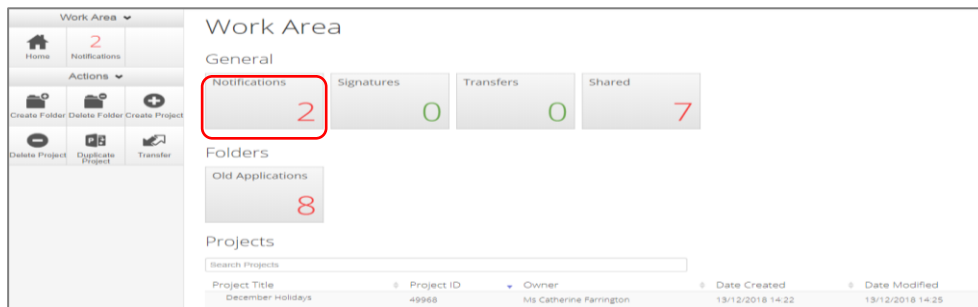

The research project cannot commence at this site until research governance/SSA authorisation has been granted.

If you require any further information, please contact the RGO via the ERM 'Correspond' button or 1234 5678.

Yours sincerely,

- Select **Delete**  to delete the original version

- Select **Upload Document**  to upload the revised (new) version of the document with the correct version number and date
- The SSA form now includes the latest version ready for resubmission

- Once the revisions / additions have been completed, the form and / or supporting documents can be resubmitted
- In the **Actions** pane select the **Submit**  button to resubmit

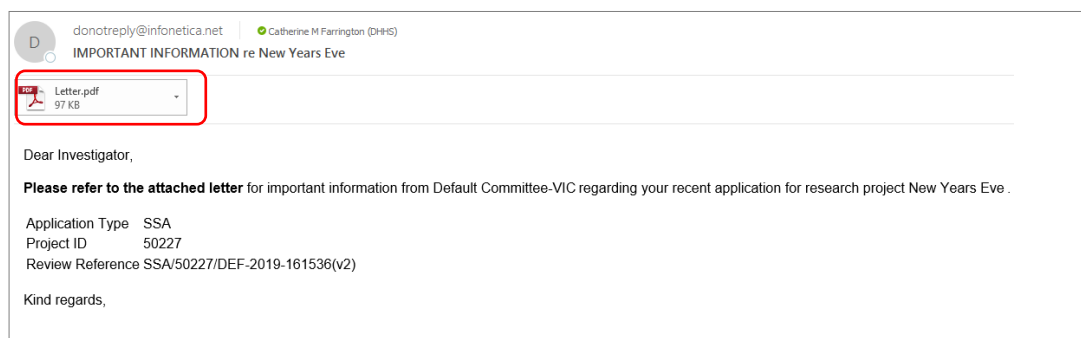

- The Research Office will receive the submission
- The SSA application is assessed by the Research Governance Officer (RGO)
- Following the assessment there may be an information request from the RGO

RGO Review Request

Clarification or requests for further information from the RGO to the applicant must be managed through ERM

- The applicant is advised via an ERM email of important information regarding the SSA application

- A 'REQUEST FOR INFORMATION' letter (pdf) from the RGO will include requests for further information to be provided via ERM

- The SSA form is unlocked to allow the applicant to complete the requests as outlined in the attached letter

Respond to a request for further information from the RGO

- The applicant can amend the SSA and add new documents if requested by the RGO
- Log into ERM account
- In the Work Area, click on the **Notifications** tile
- Select the Message title to open and view the message

- A message box will be displayed allowing the user to view the SSA form

Section 11: Minimal Dataset Form (MDF)

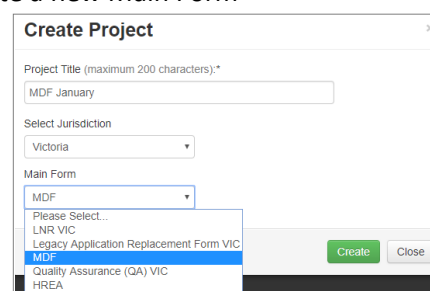

When the ethical review of a research application is in a jurisdiction that does not use ERM, a Minimal Dataset Form (MDF) is used to create the SSA form for sites in Victoria and Queensland.

It is a proxy form that is created **once only** for the research application.

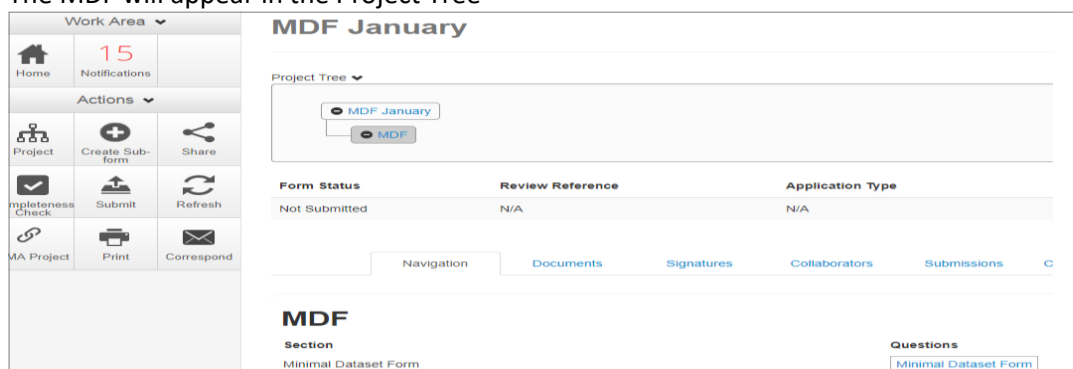

The site Principal Investigator uses ERM to complete the SSA and submit to the site Research Governance Officer.

- The CPI / delegate logs onto ERM
- Select **Create Project**  button under the Actions pane to create a new Main Form

- Enter the Project Title, jurisdiction and select **MDF** from the Main Form drop-down list
Select **Create** button

- The MDF will appear in the Project Tree

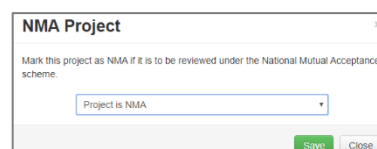

- Complete the questions in the MDF
- Enter the unique ethics reference number indicating where the ethics application was reviewed and approved e.g. HREC/19/CAL/123

- Select the **Navigate**  button to move back to the Project Tree and select the **NMA Project**  button under the Actions pane

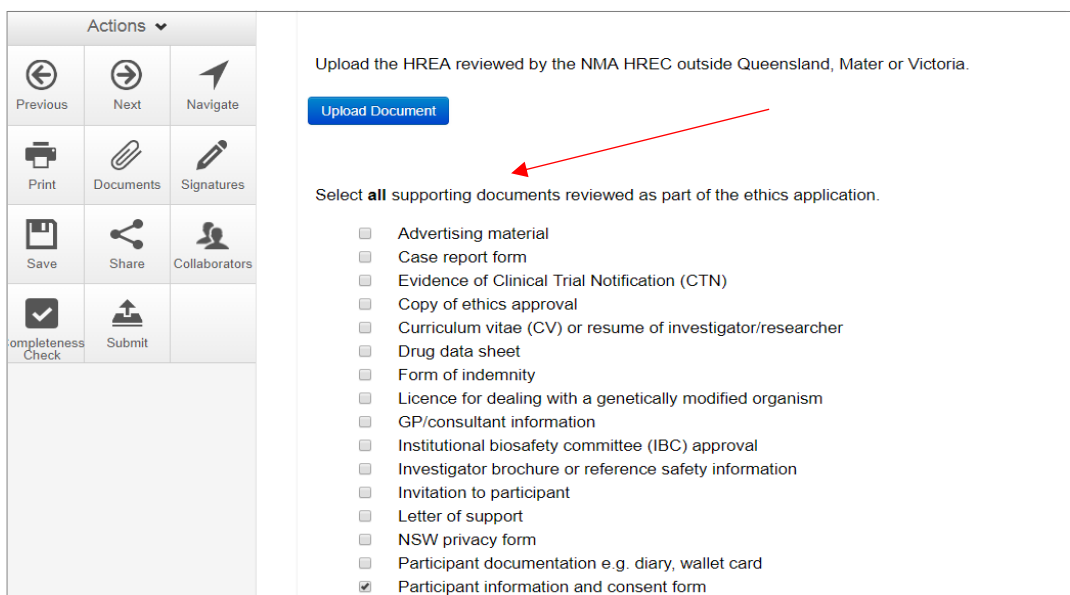

- A **NMA Project** text box is displayed

- Select 'Project is NMA' and **Save** 

For further information on NMA see [NMA research governance/SSA application](#) on the **Clinical trials and research** webpage

- Select **Upload Document**  to upload a copy of the HREA reviewed by the NMA HREC into the MDF
- Select the relevant supporting documents e.g. Copy of ethics approval letter, Master PICF, protocol associated with the ethics application.

Section 12: Legacy Application Replacement Form (LARF)

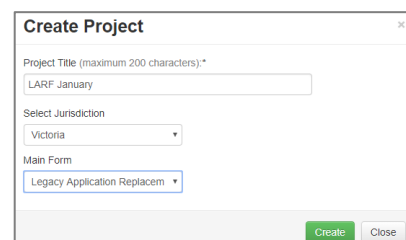

The Legacy Application Replacement Form (LARF) is required for a Victorian-only research project when the original ethics application was not in the previous database system used by research offices (AU RED). It cannot be used for NMA research projects.

The LARF is not an ethics application form; it is a proxy form that allows sub-forms e.g. post approval forms to be created in ERM. Only **one** LARF is required for the research application.

Consult the reviewing organisation's research office before creating a LARF to confirm whether the form is required.

- The CPI / delegate logs onto ERM

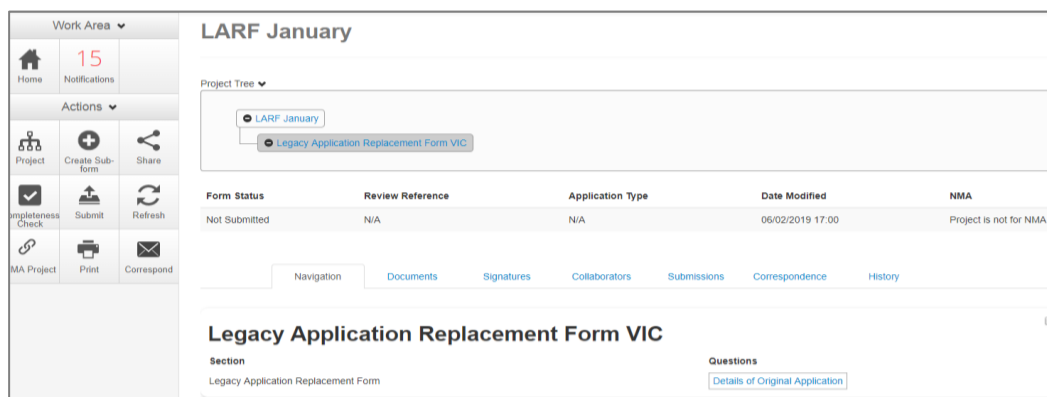

- Select **Create Project**  button under the Actions pane to create a new Main Form
- Enter the Project Title, jurisdiction and select **Legacy Application Replacement Form** from the main form drop-down list
- Select **Create** button

The 'Create Project' dialog box contains the following fields and options:

- Project Title (maximum 200 characters):*** LARF January
- Select Jurisdiction:** Victoria (dropdown menu)
- Main Form:** Legacy Application Replacement (dropdown menu)
- Buttons:** Create (green), Close (grey)

- The LARF will appear under the Project Tree

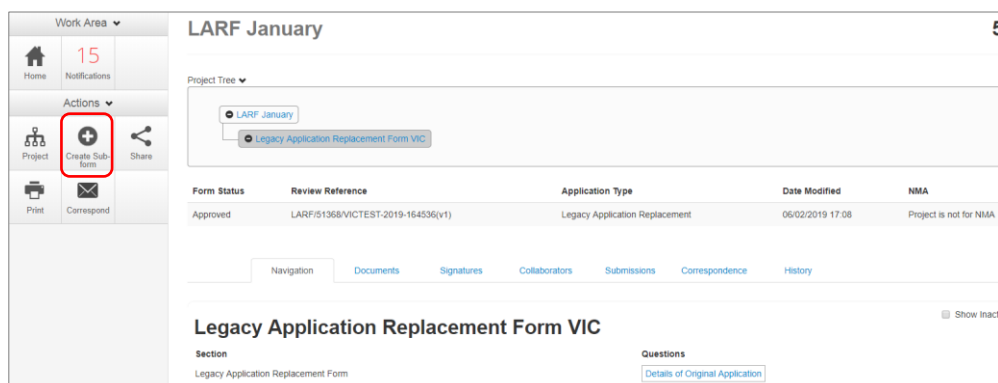

The screenshot shows the ERM interface for the 'LARF January' project. The 'Project Tree' on the left lists 'LARF January' and 'Legacy Application Replacement Form VIC'. The main area displays a table with the following data:

Form Status	Review Reference	Application Type	Date Modified	NMA
Not Submitted	N/A	N/A	06/02/2019 17:00	Project is not for NMA

Below the table are tabs for Navigation, Documents, Signatures, Collaborators, Submissions, Correspondence, and History. The 'Legacy Application Replacement Form VIC' section is expanded, showing a 'Section' dropdown set to 'Legacy Application Replacement Form' and a 'Questions' link for 'Details of Original Application'.

- Complete the questions in the LARF

- Select the **Submit**  button under the Actions pane
- The form will be submitted to the organisation that reviewed the original application
- From the LARF the CPI / delegate creates a new sub-form

The screenshot shows the ERM interface for the 'LARF January' project after submission. The 'Project Tree' on the left lists 'LARF January' and 'Legacy Application Replacement Form VIC'. The main area displays a table with the following data:

Form Status	Review Reference	Application Type	Date Modified	NMA

Section 13: Quality Assurance (QA) Application Form

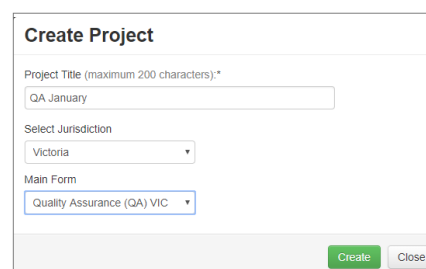

The Quality Assurance (QA) VIC form can be used for the submission of the following types of projects:

- clinical audit
- quality assurance
- evaluation activities
- a project that involves the potential for no more than negligible risk

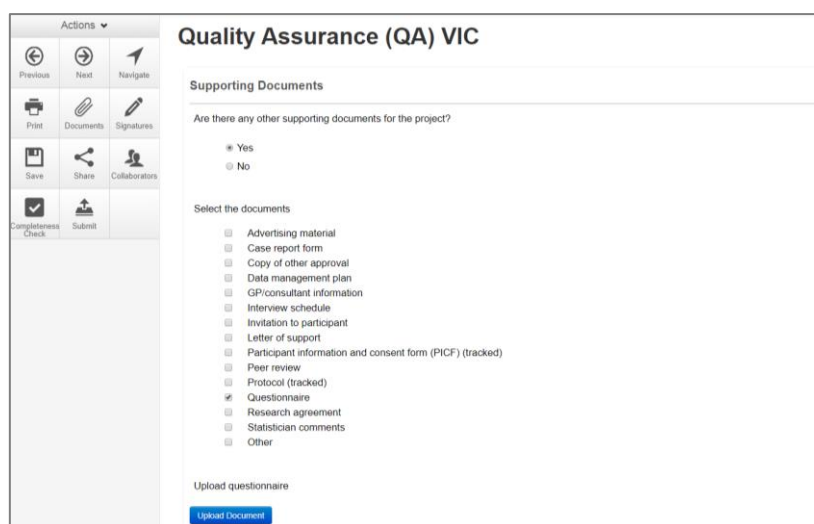

Consult with the organisation's Research Office before creating the QA application. The Research Office will advise whether the QA form is the right choice for the project.

- The applicant logs into ERM

- Select **Create Project**  button under the Actions pane to create a new Main Form
- Enter the Project Title, jurisdiction and select **Quality Assurance (QA) VIC** from the main form drop-down list
- Select **Create**

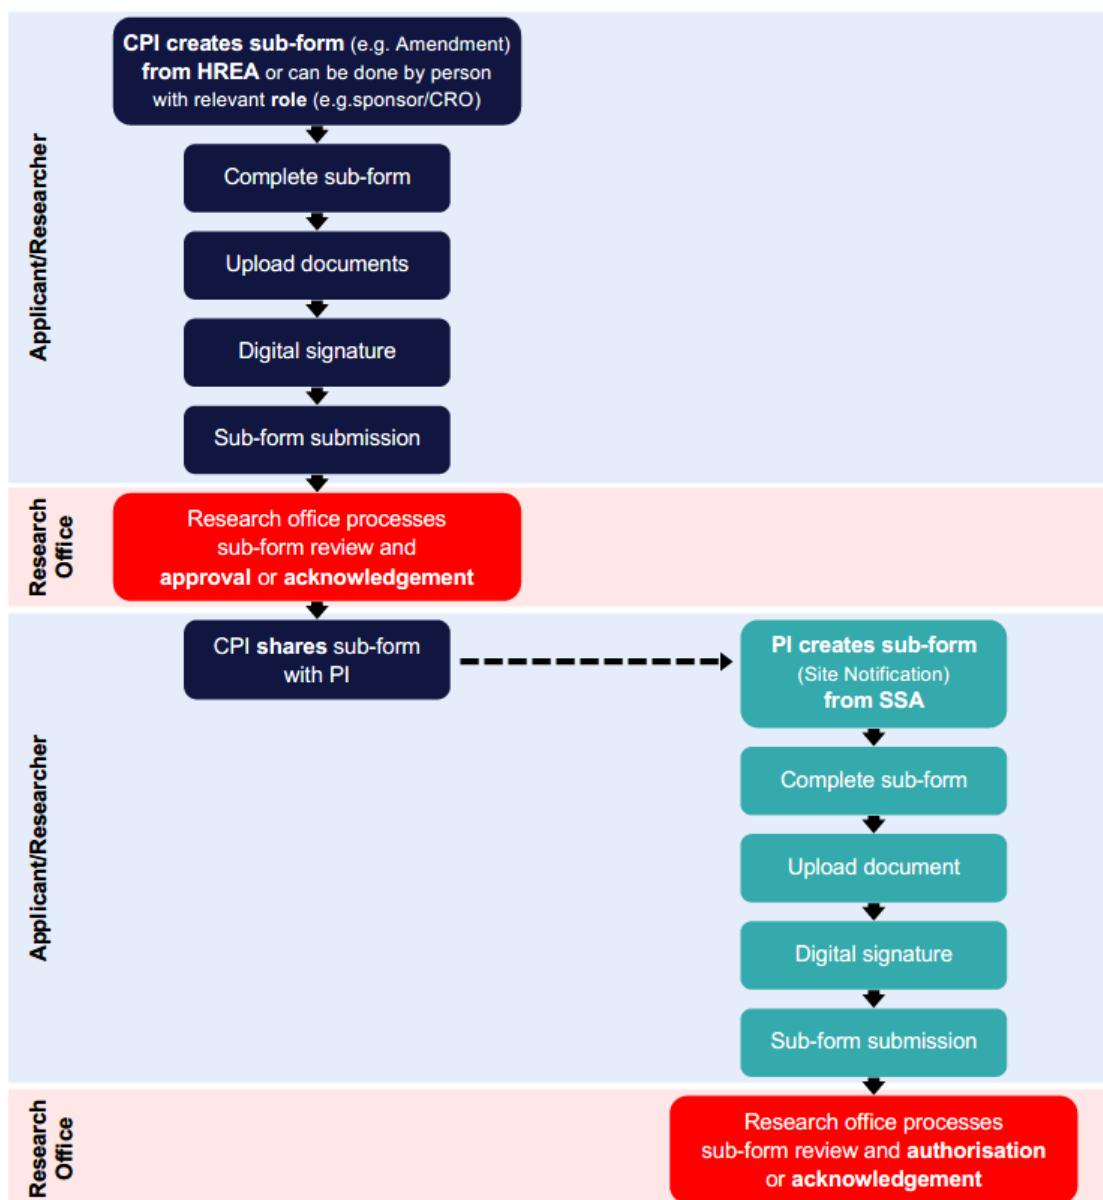

- The QA form will appear under the Project Tree
- Complete the questions in the QA form
- The **Supporting Documents**  section will enable supporting documents e.g. a Questionnaire to be uploaded into the application

- Select **Upload Document** 
- Select **Submit**  button under the Actions pane to submit the application to the reviewing organisation.

Ethical Review Manager (ERM)

Post-approval and Post-authorisation

Once a research project has been ethically approved, any change to its design or conduct must be approved by the reviewing HREC or ethics review body.

Post approval information should also be submitted to the reviewing organisation.

In ERM, Post Approval forms are created as sub-forms from the original ethics application (HREA) to request amendments and provide information / reports relating to the research project as required by the reviewing HREC.

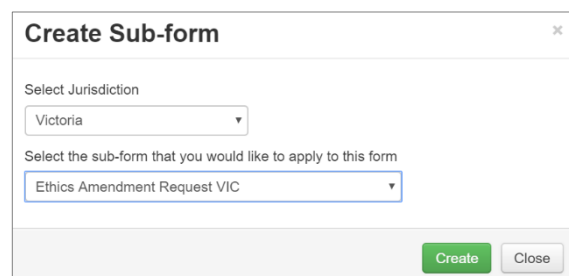

Sub-forms for post approval

- Ethics Amendment Request
- Project Notification Form
- Project Progress Report
- Project Final Report
- Site Closure Report
- Safety Report
- Annual Safety Report
- Serious Breach Report
- Suspected Breach Report

Create a Sub-form

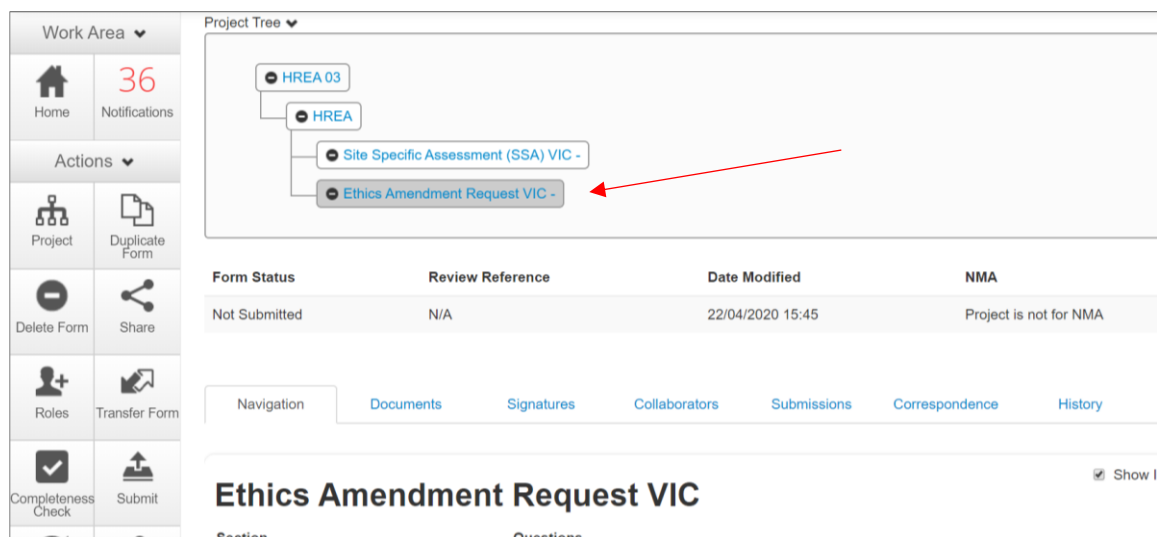

- The CPI / delegate logs in to ERM
- Select the project title to display the project under the Project Tree and highlight the HREA
- Select **Create Sub-form**  button under the Actions pane to create a new sub-form
- Select the jurisdiction and the sub-form e.g. Ethics Amendment Request VIC

Select **Create**

The 'Create Sub-form' dialog box is shown. It has a title bar with a close button. Inside, there are two dropdown menus. The first is labeled 'Select Jurisdiction' and has 'Victoria' selected. The second is labeled 'Select the sub-form that you would like to apply to this form' and has 'Ethics Amendment Request VIC' selected. At the bottom right, there are two buttons: 'Create' (green) and 'Close' (grey).

- The Ethics Amendment Request VIC form will be displayed under the Project Tree

The screenshot shows the ERM interface. On the left is a sidebar with a 'Work Area' dropdown, 'Home' and 'Notifications' (36) buttons, an 'Actions' dropdown, and icons for Project, Duplicate Form, Delete Form, Share, Roles, Transfer Form, Completeness Check, and Submit. The main area is divided into a 'Project Tree' and a table. The 'Project Tree' shows a hierarchy: HREA 03, HREA, Site Specific Assessment (SSA) VIC -, and Ethics Amendment Request VIC -. A red arrow points to the 'Ethics Amendment Request VIC -' node. Below the tree is a table with columns: Form Status, Review Reference, Date Modified, and NMA. The table has one row: Not Submitted, N/A, 22/04/2020 15:45, Project is not for NMA. At the bottom, there is a navigation bar with tabs: Navigation, Documents, Signatures, Collaborators, Submissions, Correspondence, and History. The main content area is titled 'Ethics Amendment Request VIC' and has a 'Show I' checkbox.

Complete a Sub-form – Ethics Amendment Request

- Complete the questions in the form, in this example the Ethics Amendment Request form
- Depending on the amendment category, new versions of documents e.g. PICF, protocol can be attached to the amendment form

- Select **Upload Document**  to attach the amendment documents from your local drive
- Specify the version and date

Section 15: Post Authorisation

Post Authorisation forms provide information / reports relating to a research project to the site Research Governance Officer (RGO).

In ERM, Post Authorisation forms are sub-forms created from the Site Specific Assessment (SSA).

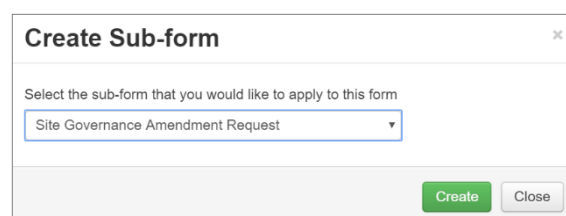

Sub-forms for post authorisation

- Complaint Report
- Non-serious Breach / Deviation Report
- Site Audit Report
- Site Governance Amendment Request
 - To notify the RGO of an amendment that has been approved by the reviewing ethics committee **or**
 - To notify the RGO of a governance-only amendment that does not require ethical approval
- Site Notification Form
- Site Progress Report

Create a Sub-form

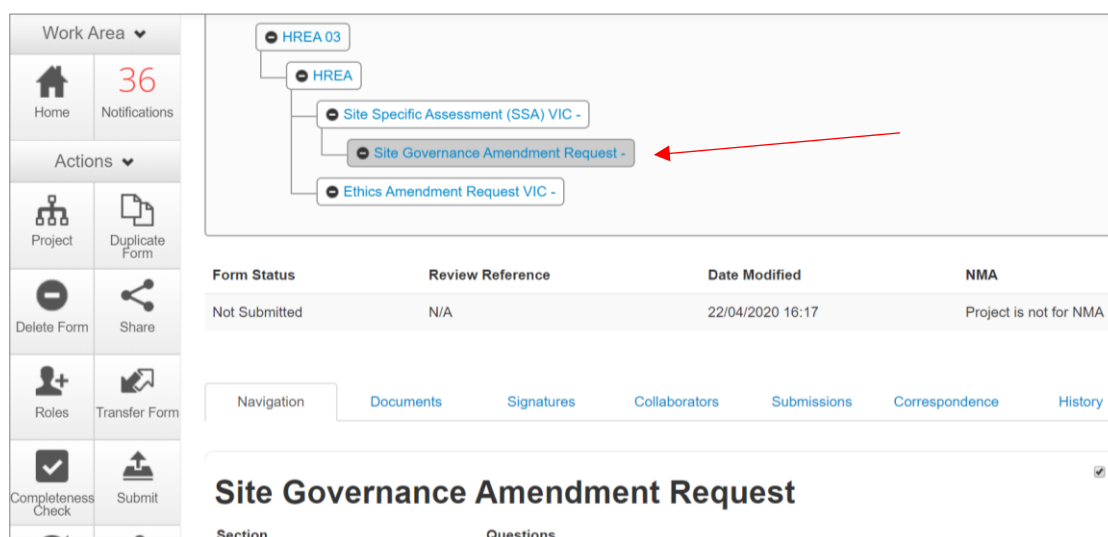

- The PI / delegate logs in to ERM
- Select the project title to display the project under the Project Tree and highlight the SSA for your organisation

- Select **Create Sub-form**  button under the Actions pane to create a new sub-form e.g. Site Governance Amendment Request
Select **Create**

The 'Create Sub-form' dialog box is shown. It has a title bar with a close button. The main content area says 'Select the sub-form that you would like to apply to this form' and contains a dropdown menu with 'Site Governance Amendment Request' selected. At the bottom right are 'Create' and 'Close' buttons.

- The Site Governance Amendment Request form will be displayed under the Project Tree

Complete a Sub-form – Site Governance Amendment Request

The steps for completing a Site Governance Amendment Request will depend upon which ethics committee reviewed the amendment request. Either **(i)** or **(ii)** apply:

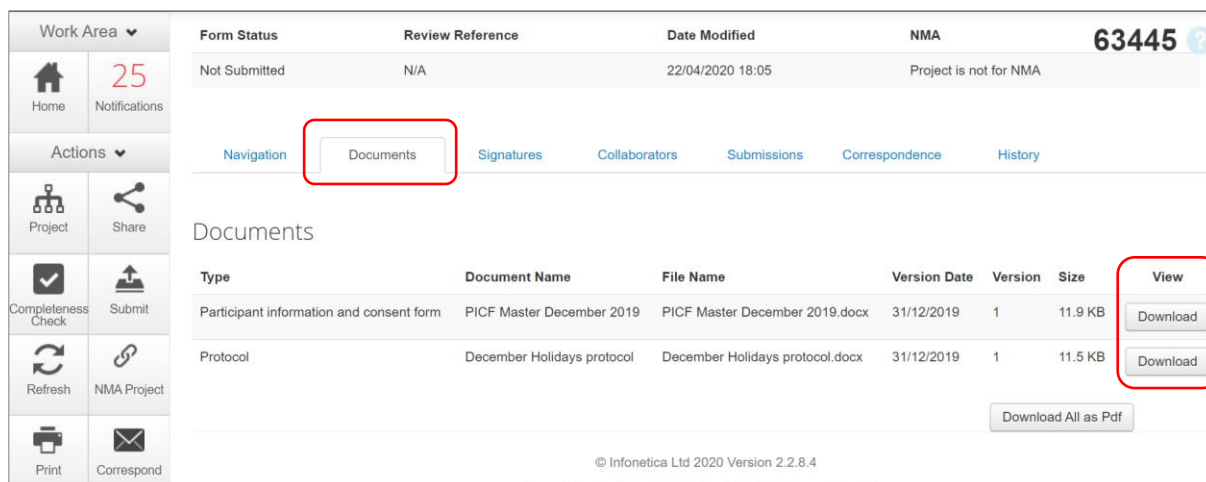

- (i)** If the amendment request was submitted to an ethics committee in Victoria, ensure the Ethics Amendment Request form owner (CPI / delegate) has assigned the site PI/ delegate access to the ethics amendment submission and documents. See [Allowing others to access post approval forms](#)

- In the Project Tree, select the Ethics Amendment Request VIC form
- From the **Documents** tab, the amendment submission can be downloaded by selecting the **Print**

button under the **Actions** pane and saved to your local drive

- Associated documents can be downloaded by selecting **Download**  and saved to your local drive

- Return to the Site Governance Amendment Request form in the Project Tree
- Upload a copy of the:
 - Ethics Amendment Request to the reviewing ethics committee (PDF copy of the amendment submission)
 - Amendment approval from the reviewing ethics committee (PDF copy of amendment approval letter/certificate)
- Other documents if relevant, e.g. the protocol, Master PICF and Site PICF can be uploaded in the [Amended Documents](#) section under Documents

- Select **Upload Document**  to upload the relevant documents from your local drive
- Specify the version and date
- Continue to complete the form

(ii) If the amendment request was submitted to an ethics committee outside of Victoria, the **Minimal Dataset Form** (MDF) is used to enable the Site Governance Amendment Request form to be completed

- In the Project Tree, select the site SSA for your organisation

Section 16: Other ERM features

Project Update

A notification to update a project will appear when there has been a modification to a form or a process within ERM. This ensures access to the most recent version of forms used in ERM.

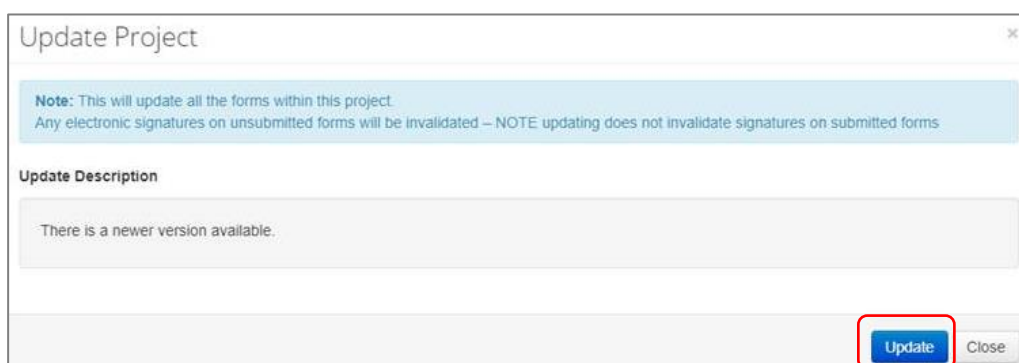

- Only the project owner may update a project
- Approved forms retain the version they were approved in
- Forms and sub-forms that have been submitted or under review will also be updated
- Forms with electronic signatures applied but not submitted should be **updated after submission** otherwise updating will invalidate electronic signatures

How to update to a newer version

- Print and save a copy of any unsubmitted forms before the project is updated to ensure no data is lost
- The **Update** prompt is viewed by the project owner at the top of the form
- The project owner clicks on the **Update** link

- A pop-up message displays information about electronic signatures on unsubmitted forms which will be invalidated if a project is updated
- Select the **Update** button to update the project

- Notification of the project update will appear in the **Notifications** tile
- From the Work Area select the **Notifications** tile. Select the relevant message

- An Update prompt is also seen by collaborators and form owners should advise the project owner of any need to delay the Update e.g. if the form owner is working on a form with un-submitted electronic signatures

Note: There is a newer version of the project. (Please contact the project owner to update this form).

When should the project be updated?

- Before you request electronic signatures
- After a form has been submitted and validated by the Research Office
- When the project has been released back to the applicant for edits after the submission
- After form approval

What are the steps in a multi-site project?

- The project owner should advise all form owners of when the project update will occur
- Form owners should advise the project owner if the Update needs to be delayed
- Print and save a copy of any un-submitted forms before the project is updated
- The project owner updates the project

How to find the form version

- The form version appears at the top right-hand corner of the screen when the form is open
- The most recent date a form has been edited is displayed under **Date Modified** below the Project Tree

Cancel a Signature

A **Request Sent** Request Sent message is displayed at the top of the screen whenever an electronic signature has been made. The form is locked through signature requests. To cancel a signature:

- Move to the Signatures tab and select the **Cancel** Cancel button under the **Action** heading

The screenshot shows the 'HREA 30' form interface. On the left is a sidebar with 'Work Area' and 'Actions' tabs. The 'Actions' tab is active, showing icons for Home, Notifications, Project, Duplicate Form, Create Sub-form, Share, Roles, Transfer Form, Completeness Check, Submit, NMA Project, Print, and Correspond. The main content area shows the 'Project Tree' with 'HREA 30' and 'HREA' folders. Below this is a table with columns: Form Status, Review Reference, Date Modified, and NMA. The 'Form Status' is 'Not Submitted', 'Review Reference' is 'N/A', 'Date Modified' is '06/01/2020 12:47', and 'NMA' is 'Project is not for NMA'. Below the table is a navigation bar with tabs: Navigation, Documents, Signatures, Collaborators, Submissions, Correspondence, and History. The 'Signatures' tab is selected. Below the navigation bar is a 'Signatures' section with a note: 'Note: There are no active signatures on this form'. Below this is a 'Signature Requests' section with a table. The table has columns: Type, Signatory Email, Requested Date, Status, Response Date, and Action. The first row shows 'Principal Investigator', 'amanda.waipole@dhs.vic.gov.au', '06/01/2020 12:48', 'Requested', and an 'Action' button with a 'Cancel' option.

- The form is now unlocked and signatures invalidated. The **Status** has changed from Requested to Recalled
- The signatory will also receive a notification email regarding the signature cancellation
- If a Principal Investigator has signed Sign their own form directly, their signature can also be cancelled
- To cancel the signature, open the relevant form at any question and select the **Unlock** button under the Actions pane

The screenshot shows the 'Site Specific Assessment (SSA) VIC - Administrator Use Only' form. The title bar is 'Site Specific Assessment (SSA) VIC - Administrator Use Only'. Below the title bar is a message: 'This form has been locked through signatures/requests'. Below this is a 'Site Dates' section with two questions: '3.1 Anticipated start date for the research project at this site' and '3.2 Anticipated finish date for the research project at this site'. On the left is an 'Actions' pane with icons for Previous, Next, Navigate, Print, Documents, Signatures, Unlock, Share, Roles, Collaborators Completeness Check, and Submit. The 'Unlock' button is highlighted with a red box.

- An **Unlock Form** text box will be displayed. Select **Confirm**
- The signature has been cancelled (invalidated) and the form is unlocked.

Changing jobs

If an applicant changes jobs or moves to another organisation but remains a collaborator on certain projects, the applicant can continue to access their projects in ERM but will need to have their ERM account details updated. Contact [Infonetica Helpdesk](#) to update the account details and email.

If a project owner is leaving the project permanently, the project should be transferred to another collaborator in the research team.

Transfer a Project

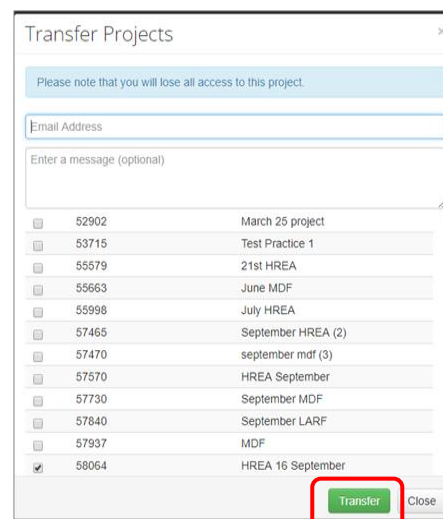

The project owner can use the **Transfer** function to permanently transfer a project to another ERM user. This may be when a Sponsor creates an HREA application then transfers it permanently to the CPI or when the project owner intends to leave the project and transfers project responsibilities to another collaborator in the research team.

If the current project owner is unable to be contacted, contact [Infonetica Helpdesk](#) for further assistance to permanently transfer a project.

- From the Work Area, select the **Transfer** button from the Actions pane
- A **Transfer Projects** text box is displayed noting loss of future access to the project
- The project owner enters the ensuing project owner's ERM email address

- Enter a message to the new project owner (optional)
- Select the correct project from the list
- Select **Transfer** button
- All forms are locked pending the transfer
- The new project owner will receive an email notification regarding the transfer of the project

- Select the project to be duplicated
- Enter a new title for the project and delete the previous project's ID number
- Select **Include sub forms** (SSAs) if subforms are also to be duplicated
- Select **Duplicate**

- The duplicate project with the new title will be displayed under **Project Title**

- If subforms have been duplicated, information in the form is also duplicated but will require certain details to be re-entered e.g. Project title and name of site/organisation
- The duplicate function will not copy documents (protocol, PICFs), signatures and permissions (**Roles+**, **Share**) that have been assigned to the original project

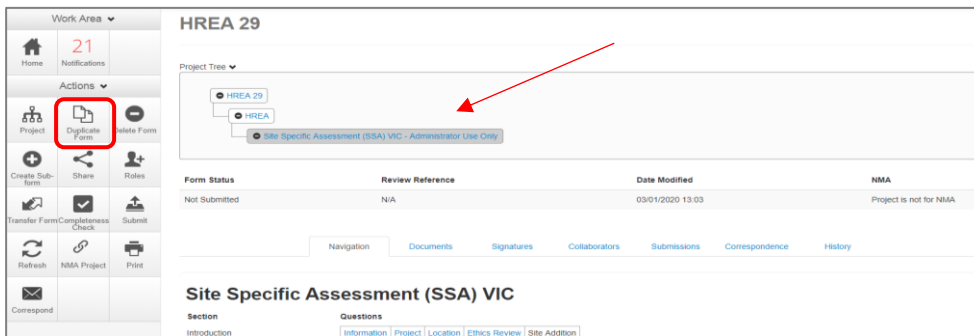

- Upload supporting documents and assign other members of the research team pre-defined levels of access to the duplicated project using the **Roles +** or **Share** function.

Duplicate a Form

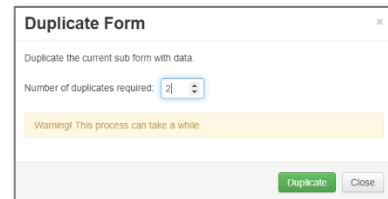

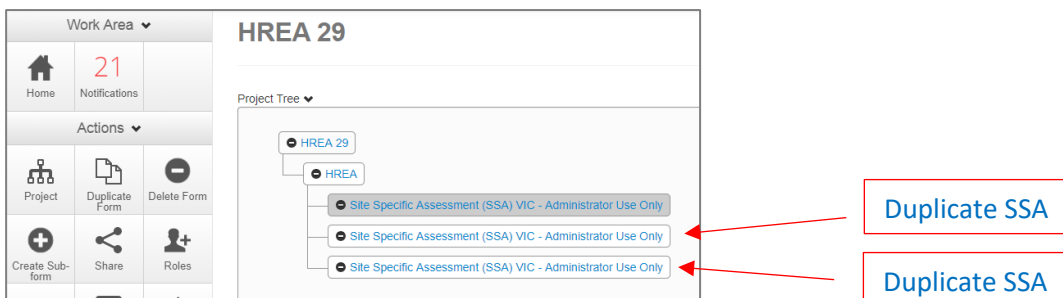

Subforms can be duplicated using a similar duplicate function and can be useful for duplicating SSAs. The duplicate function will copy all answers in the form but **not** copy documents e.g. site PICFs, signatures and permissions assigned to the original subform. As the SSA site/organisation name will also be duplicated it is important to amend these details for each duplicated SSA.

- In the Project Tree highlight the subform to be duplicated

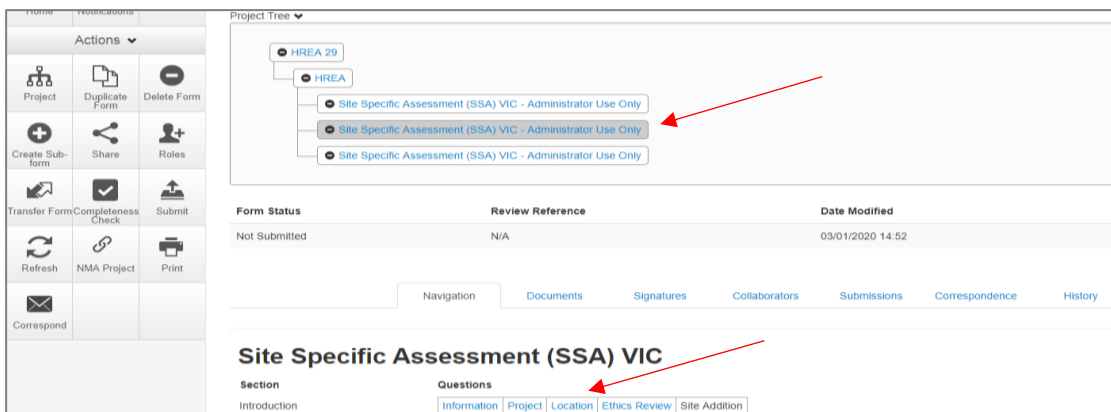

- Select **Duplicate Form**  button under the Actions pane

- A **Duplicate Form** textbox will be displayed
- Select number of duplicates required e.g. 2
- Select **Duplicate**
- The duplicated subforms will be displayed in the Project Tree

- Select the duplicate SSA then select the **Location** [Location](#) hyperlink to be directed to **Q 1.4 Name** of site/organisation

- Select the relevant site/organisation name from the drop-down list

- The correct site/organisation will be displayed with the SSA in the Project Tree

- Upload supporting documents and assign other members of the research team pre-defined levels of access to the duplicated form using the **Roles +** or **Share** function.

Delete a Form

The applicant can delete a subform if it has been created unnecessarily and can only be performed if the form has **not** been submitted.

- In the Project Tree highlight the subform which needs to be deleted

- Select the **Delete Form** button under the Action pane

Form Status	Review Reference	Date Modified	NMA
Not Submitted	N/A	27/12/2019 14:26	Project is not for NMA

Navigation: Documents | Signatures | Collaborators | Submissions | Correspondence | History

- A **Delete Form** text box is displayed
- Select **Delete** to delete the form

- The subform can still be deleted if an electronic signature request has been made.

- If the form has been signed by the signatory, open the form and select the **Unlock** button under the Actions pane.

An **Unlock Form** textbox is displayed. Select **Confirm**.

The form becomes unlocked and all signatures are invalidated. The **Delete Form** button under the Actions pane is now available.

- ii. If the form has not been signed (**Status** is Requested), see [Cancel a Signature](#) for further details.

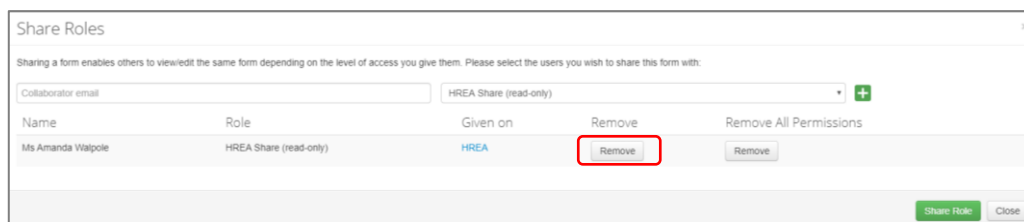

Edit Roles and Share

A collaborator's level of access to a form can be changed in two ways depending on whether

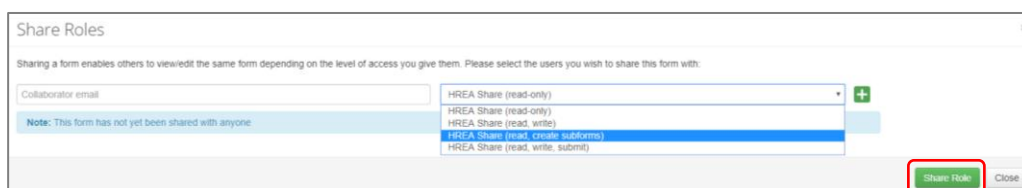

Roles +  or **Share**  has been used to assign access.

Roles +

- Highlight the relevant form in the Project Tree and select the **Roles +** button under the Actions pane
- A **Share Roles** textbox will be displayed showing the form's level of access that has been assigned to the collaborator e.g. HREA read only
- Select **Remove**

A screenshot of the "Share Roles" dialog box. It has a title bar "Share Roles" and a close button. Below the title bar is a text area with instructions: "Sharing a form enables others to view/edit the same form depending on the level of access you give them. Please select the users you wish to share this form with:". Below this is a text input field for "Collaborator email" and a dropdown menu for "HREA Share (read-only)". Below these is a table with columns: Name, Role, Given on, Remove, and Remove All Permissions. The table has one row with "Mrs Amanda Walpole" as the name, "HREA Share (read-only)" as the role, "HREA" as the given on date, and a "Remove" button highlighted with a red box. At the bottom right are "Share Role" and "Close" buttons.

- The **Share Roles** page stays to allow the level of access to be modified
- Enter the collaborator's ERM email address and new level of access e.g. read, create subforms
- Select **Share Role**

A screenshot of the "Share Roles" dialog box. It has a title bar "Share Roles" and a close button. Below the title bar is a text area with instructions: "Sharing a form enables others to view/edit the same form depending on the level of access you give them. Please select the users you wish to share this form with:". Below this is a text input field for "Collaborator email" and a dropdown menu for "HREA Share (read-only)". Below these is a blue box with a note: "Note: This form has not yet been shared with anyone:". Below the note is a list of roles: "HREA Share (read-only)", "HREA Share (read, write)", "HREA Share (read, create subforms)", and "HREA Share (read, write, submit)". The "HREA Share (read, create subforms)" role is highlighted. At the bottom right are "Share Role" and "Close" buttons.

- The collaborator will receive an email notification informing them of the change in their access level

Share

- Highlight the relevant form in the Project Tree and move to the **Collaborators** tab
- Select the **Edit Permissions** button to modify the collaborator's access level

The screenshot shows the ERM interface with the 'Collaborators' tab selected. The 'Edit Permissions' button is highlighted with a red box.

Name	Access	Edit Permissions
Ms Abigail Cooper	Read, Write, Submit, Share, Create all sub forms, Receive notifications	Edit Permissions
Ms Catherine Farrington	Project Owner and Form Owner	Edit Permissions

- An **Edit Permissions** textbox will be displayed. Deselect the permissions and select **Save**
- The collaborator will receive a message in the **Notifications** tile (under the Work Area) informing them of the change in their access level.

Collaborators

The form owner can use the **Collaborators** action button to edit permissions for each collaborator only if the access level is assigned through the **Share** action

- Select the **Collaborators** action button

The screenshot shows the ERM interface with the 'Collaborators' action button highlighted with a red box.

Q1.9.1 Title	Q1.9.2 First Name	Q1.9.3 Surname/family name	Q1.9.4 Email Address

Contacts

The **Contacts** area can be used to save and edit contact details for project team members. Details saved in **Contacts** can be used to populate all ERM forms.

Add a Contact

- Select **Contacts** above Work Area

- Select **+ Add Contact**

- A **New Contact** textbox will be displayed to enter the new details
- Select **Save** button

- New contact details will be displayed under **Contacts**

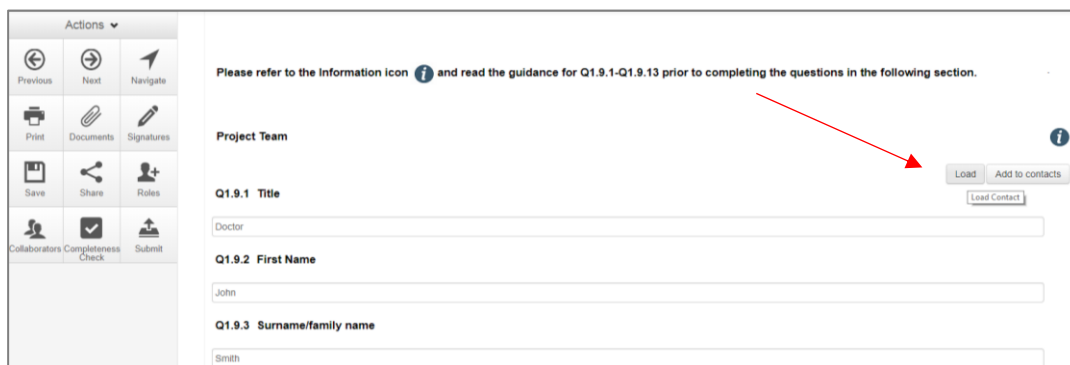

- Contacts can also be added when completing a form
- Select **Add to contacts** button

- The details will be saved in the **Contacts** area for future use in other forms

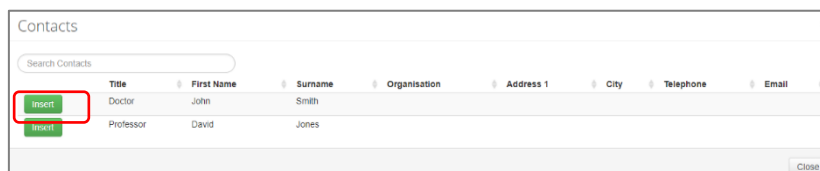

Insert Contact in a form

- Contact details can be inserted automatically when completing Team Member Details in a form
- Select **Load**  button

The screenshot shows a form titled 'Project Team' with fields for 'Q1.9.1 Title', 'Q1.9.2 First Name', and 'Q1.9.3 Surname/family name'. The 'Load' button is highlighted with a red arrow. The 'Load' button is located next to the 'Add to contacts' button. The 'Load' button is a small, light blue button with the text 'Load'.

- A **Contacts** text box will be displayed to insert the relevant contact
- Select **insert** button

The screenshot shows a 'Contacts' dialog box with a search bar and a table of contacts. The 'insert' button is highlighted with a red box. The 'insert' button is a small, green button with the text 'insert'.

Title	First Name	Surname	Organisation	Address 1	City	Telephone	Email
Doctor	John	Smith					
Professor	David	Jones					

- Contact details will be successfully loaded into the form

The screenshot shows the form with the contact details loaded into the fields. The 'Load' button is highlighted with a red arrow. The 'Load' button is a small, light blue button with the text 'Load'.

Correspondence

To the Research Office

The applicant can use the **Correspond** function to communicate with the reviewing organisation's Research Office and should be used **after** a form has been submitted to the reviewing organisation. **Correspond** must **not** be used to respond to a query or information request.

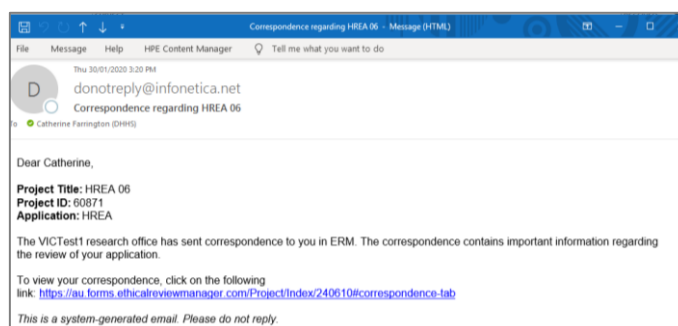

Select the **Correspond**  button from the Actions pane to open communication with the designated Research Office.

- A **Correspond** text box will display where the message will be delivered to
- Enter message details and attach documents if required
- Select **Send**

- A record of the correspondence can be accessed in the **Correspondence** tab

From the Research Office

- At times the Research Office may use their Correspondence function to communicate with the applicant. It is **not** used by the Research Office to query or request clarification relating to an application
- The applicant will receive an email notification regarding the new correspondence with a link to the relevant project. Click on the link provided

- Select the **Correspondence** tab to display a Correspondence list

- Select the relevant message

The screenshot shows the HREA 06 application interface. On the left is a sidebar with navigation icons: Home, Notifications (26), Project, Create Sub-form, Share, Roles, Print, Correspond, Report XML, and Recall. The main area is titled 'HREA 06' and contains a 'Project Tree' with 'HREA 06' and 'HREA'. Below this is a table with columns 'Form Status', 'Review Reference', and 'Date Modified'. The table shows a 'Submitted' status for 'HREC60871/VICTEST-2020-198801(v1)' on '07/01/2020 08:53'. Below the table are tabs for 'Navigation', 'Documents', 'Signatures', 'Collaborators', 'Submissions', and 'Correspondence'. The 'Correspondence' tab is active, showing a '+ New Correspondence' button and a search bar. Below the search bar is a table with columns 'User', 'Date', and 'Message'. The first row shows 'Review user', '30/01/2020', and 'Hi Catherine, Thanks for submitting your application. It is...'. A red arrow points to the 'Correspondence' tab.

- A **Correspondence Message** textbox will display details of the message

The screenshot shows a 'Correspondence Message' dialog box. It has a title bar 'Correspondence Message' and a close button. The message content is: 'Hi Catherine, Thanks for submitting your application. It looks great! The committee are really looking forward to reviewing it at their meeting! from your friendly research office'. Below the message is a note: 'Note: No correspondence attachments'. There is a 'Close' button at the bottom right.

Archived documents

When an application requires resubmission with new document versions, deleted Delete documents are automatically archived in ERM. Archived documents can be accessed in the Project Overview screen

Other Folder Actions

Create a new project

Delete a project (only possible if the main form has **not** been submitted via ERM)

Delete a folder (only empty folders can be deleted)

Permanent transfer of a project to another user e.g. Sponsor creates the HREA and transfers it permanently to the CPI

Duplicate an existing project. Includes all forms in the project but **not** any attached supporting documents

Rename the tiles under **Folders** and enter a new name for the tile

Move a Project filed in **Folders** to the **Work Area**. The Project will be listed with other current projects under **Project Title**

Submission to non ERM Research Offices

For a submission to a HREC that does not use ERM e.g. Private hospital HREC, the HREA can be completed and printed as a pdf.

- Leave the last question in the ERM Filter Questions section (*Select the Committee that your ethics application will be submitted to*) blank
- Leave **Q 4.3** (*Select the Organisation that hosts the HREC*) blank
- Select the **Print**  button under the Actions pane to generate a pdf of the form. Save the document to your local drive
Do not select Submit.
