

HREC REPORTING OF WAIVERS OF CONSENT

BH Ref No	Project Title	Date Approved	Date Closed
15/05	Personalised diabetes-specific discharge planning for older people with diabetes	29/06/2015	14/12/2016
14/46	Using Quality Use of Medicines (QUM) to enhance use of glucose lowering medicine (GLM) - The Q-med Study	31/07/2014	14/12/2016
12/75	Audit of gross decay treatment in young children under general anaesthetic – how can oral health services be improved pre and post-surgery?	27/05/2013	8/06/2016
12/88	A prospective observational study of outcomes of patients referred to a tertiary intensive care unit with criteria for treatment limitation	20/08/2012	8/06/2016
15/04	Characterisation of Heart Structure and Function in Non-hypertensive Obese/T2D Patients	5/03/2015	8/06/2016
11/121	A prospective observational study of appropriateness and adequacy of treatment limitations in a tertiary regional Australian Hospital	11/11/2011	13/04/2016
14/61	An audit of the use of computed tomographic angiography of the thoracic aorta in the diagnosis of acute aortic dissection in the Emergency Department	27/06/2014	31/03/2016
13/45	Focused echocardiography for assessment of patients during MET calls at a tertiary hospital	9/08/2013	5/02/2016
14/94	MRI and Vertebral Infection - Assessing the effectiveness of non-contrast scans in diagnosing or excluding infection, and how the use of contrast benefits scan interpretation	19/08/2014	3/02/2016
13/184	Management of mental health patients in Victorian emergency departments, a 10 year follow up study	7/03/2014	15/01/2016
13/51	Anaesthetic and analgesic techniques used in elective total hip replacements at Barwon Health	1/05/2013	11/01/2016
14/44	A Retrospective Study Of Women With Late Presentations Of Breast Cancer	2/06/2014	9/12/2015
13/57	Adenoma Detection Rate (ADR) for average risk patients undergoing colonoscopy	26/06/2013	7/12/2015
13/49	Appropriateness of antimicrobial prescribing upon discharge from acute settings in a tertiary Australian hospital	24/06/2014	4/11/2015
14/65	The Fluid Translation of Research into Practice Study (Fluid-TRIPS): An International Cross-Sectional Survey of Fluid Resuscitation Practice	1/07/2014	14/10/2015
14/33	Targeted therapies in the palliative care setting	3/06/2014	9/09/2015
13/158	The road to zero: effectiveness of a program to reduce central line-associated bloodstream infections in a tertiary intensive care unit: a 7-year longitudinal study	27/02/2014	12/08/2015
14/39	Improving general medical ward rounds - identifying and applying standards	7/04/2014	12/08/2015
14/34	Aspiration Pneumonia in Stroke Patients	7/04/2014	11/08/2015
13/08	Management of community-acquired pneumonia (CAP) in a regional teaching hospital	13/02/2013	8/07/2015
11/126	Monitoring the impact of health policy, referral practices, sex and socioeconomic status on bone health in the Barwon Statistical Division: 2003-11	23/12/2011	8/07/2015
13/178	Crossmatching prior to elective surgery: A source of waste?	22/01/2014	10/06/2015

BH Ref No	Project Title	Date Approved	Date Closed
14/12	Admission rates for medically treated severe aortic stenosis	18/02/2014	10/06/2015
13/139	Incidence, diagnosis and outcomes of Placenta Praevia at Barwon Health	6/11/2013	13/05/2015
13/100	Lung ultrasound as a diagnostic tool in the acutely dyspneic Emergency department patient	26/08/2013	13/05/2015
13/143	Evaluating the effect of a Saturday inpatient rehabilitation service on patient outcomes and access and flow across the care continuum	24/01/2014	15/04/2015
13/107	Laparoscopic or open appendicectomy for suspected appendicitis in pregnancy	5/09/2013	15/04/2015
12/53	Decreased Fetal Movements: Exploring Practices in Maternity Care	6/07/2012	15/04/2015
13/128	Evaluation of the management of Hep B Positive Women during pregnancy	6/11/2013	11/03/2015
13/60	Reasons for opening more than one prosthesis per case - a local orthopaedic arthroplasty audit	16/08/2013	11/03/2015
13/70	A retrospective review of antibiotic prescribing patterns for outpatient specialist clinics in a tertiary teaching hospital	12/02/2014	11/03/2015
13/113	Audit of patients seen by the Infectious Diseases Service at Barwon Health with focuses on a description of the common conditions among refugees and tuberculosis	23/09/2013	11/03/2015
12/149	Assessment of Toxicities in Prostate Cancer Patients Undergoing Radiotherapy	9/07/2013	20/01/2015
13/191	Study of the Australian Boceprevir Real-World Experience in Hepatitis C	20/02/2014	10/12/2014
13/65	Tester reliability in MRI glenoid version	8/07/2013	10/12/2014
13/79	QUM Indicator Field Testing 2013	27/05/2013	10/12/2014
13/92	Accuracy of MRI for staging of rectal carcinoma: a retrospective study	23/08/2013	24/11/2014
13/86	Thrombolytic therapy as primary treatment of acute limb ischaemia, PROXIMAL deep vein thrombosis and dialysis arteriovenous fistula thrombosis using catheter directed Urokinase - a 4 year, single centre review	8/07/2013	20/11/2014
13/78	The impact of high sensitivity cardiac troponin I on admission rates and management of patients presenting to Emergency Department with suspected acute coronary syndrome	12/06/2013	19/11/2014
13/116	An audit of the use of palivizumab for the prevention of respiratory syncytial virus in a regional teaching hospital in Australia	26/08/2013	19/11/2014
13/53	Specialist palliative care in heart failure patients	23/07/2013	29/10/2014
12/79	Prospective study of 25-Hydroxy vitamin D deficiency prevalence in patients admitted to GEM ward at Grace McKellar centre between August 2012-November 2012 with known history of urinary incontinence, and relation of vitamin D level and severity of urinary incontinence	4/09/2012	17/10/2014
13/66	Ventilator Associated Pneumonia: developing consensus for a pragmatic 'clinical surveillance' definition and measuring current incidence in Australian and New Zealand intensive care units (phase 3)	28/06/2013	10/09/2014
13/12	Does an Acute Surgical Model increase the rate of negative appendicectomy or perforated appendicitis?	5/03/2013	11/07/2014
12/176	An 11-year retrospective audit of patients requiring admission with COPD to a tertiary adult Australian Intensive Care Unit	9/04/2013	9/07/2014
12/140	An audit of the clinical and financial impacts of colonic Endoscopic Mucosal Resection (EMR) service at Barwon Health	3/04/2013	8/07/2014
13/38	Retrospective Review of 12 months of Cellulitis Cases at Barwon Health	2/04/2013	11/06/2014

BH Ref No	Project Title	Date Approved	Date Closed
12/137	An Audit on Urodynamic studies in elderly population attending continence clinic	28/11/2012	12/03/2014
12/73	Retrospective study of osteoporotic patients treated with Strontium Ranelate from 2006 – 2012 in Geelong Hospital - Analysis of Strontium efficacy and its relation to vitamin D levels	6/09/2012	12/02/2014
12/86	KRAS screening and assessment of metastatic colorectal cancer patients	26/07/2012	11/12/2013
12/61	Bladder Cancer - Time from diagnosis to first tumour recurrence	10/09/2012	20/11/2013
12/96	Retrospective study on the effect of surgical timing on the outcome of patients with neck of femur fracture	23/07/2012	11/09/2013
